

Mike Dailey, Deputy City Engineer
Megan Eberhardt, Engineer III

PROPOSED SANITARY SEWER UTILITY CUSTOMER BILLING CLASS FOR FOOD ESTABLISHMENTS

1

Proposed Billing Class for Food Establishments: **Why ?**

- Food wastes have higher levels of fats, oils, and grease (FOG), carbonaceous biochemical oxygen demand (CBOD), total suspended solids (TSS), phosphorus (P), and ammonia nitrogen (N) compared to domestic waste.
- These nutrients require additional energy and cost more to breakdown at the wastewater treatment plant.
- Improper grease trap maintenance and high levels of FOG can clog sewer lines and create backups.
- Fairly distribute costs and eliminate residential customer subsidy.
- Encourage water conservation.

Proposed Billing Class for Food Establishments: **Who ?**

- Food Establishments licensed by the City of Madison Department of Public Health or the State of Wisconsin:
 - Restaurants or commercial kitchens with moderate or complex food handling
 - Retail food establishments that process food and have > \$25,000/yr in gross sales

Proposed Rates

- Increases are proposed for the volume portion only. Fixed demand charges based on meter size are not affected by this proposal.
- Current Sewer Volume Rate: \$2.6709/1000 gallons
- Tier 1 has a proposed volume rate increase of 56%, phased in over a 3 year period:

18% Year 1	19% Year 2	19% Year 3
------------	------------	------------
- Tier 2 has a proposed volume rate increase of 116%, phased in over a 3 year period:

38% Year 1	39% Year 2	39% Year 3
------------	------------	------------

Proposed Rates (cont.)

Tier 1 (all customers):

- \$3.15/1000 gallons (2017 rate)
- \$3.66/1000 gallons (2018 rate)
- \$4.17/1000 gallons (2019 and forward rate)

Tier 2* (customers who fail to submit grease trap maintenance at least once per year):

- \$3.69/1000 gallons (2017 rate)
- \$4.73/1000 gallons (2018 rate)
- \$5.77/1000 gallons (2019 and forward rate)

*Customers who are moved to Tier 2 can jump back to Tier 1 upon successful completion of the required grease trap maintenance and reporting.
