RE: Legistar #70748; Accela 'LNDUSE-2022-00027' -- Approval of a conditional use for a restaurant-nightclub at 1701 Moorland Road

Dear Patricia Sanchez:

At its May 9 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your conditional use for a restaurant-nightclub at **1701 Moorland Road**. In order to receive final approval of the conditional use and for any other permits that may need to be issued for your project, the following conditions shall be met:

Please contact my office at (608) 243-0455 if you have any questions regarding the following one (1) item:

1. All exterior doors shall remain closed during musical performances to minimize sound spillover to adjacent parcels.

Please contact Jacob Moskowitz, Assistant Zoning Administrator at (608) 266-4560 if you have any questions regarding the following five (5) items:

2. Maximum capacity to be established by the Director of the Building Inspection Division, not to exceed the number of available seats, plus staff, plus a reasonable number of people waiting for seats.
3. Must serve food at all hours it is open.
4. Shall hold entertainment license under Sec. 38.06(11).
5. Shall at all times operate consistent with and according to the requirements of a valid alcohol license issued by the City.
6. Bicycle parking for the project shall comply with the requirements of Sections 28.141(4)(g) and 28.141(11). Provide a minimum of 5% of capacity in short-term bicycle parking stalls located in a convenient and visible area on a paved or impervious surface. Bicycle parking shall be located at least as close as the closest non-accessible automobile parking and within one hundred (100) feet of

a principal entrance. Note: A bicycle stall is a minimum two (2) feet by six (6) feet with a five (5) foot wide access area. Provide a detail of the proposed bike rack

Please contact Jeff Quamme of the City Engineering Division - Mapping Section at (608) 266-4097 if you have any questions regarding the following two (2) items:

7. Note: This lot and the lot to the east are under common ownership and share a driveway access. There is a 30' wide access easement in favor of this parcel per Document No 1423913. Any future conveyances of either lot should include a reference to this access easement.
8. Note: This proposed use does not include any changes to the exterior site improvements. Any changes to the site improvements in the future will require a full site plan.

Please contact Bill Sullivan of the Fire Department at (608) 866-4691 if you have any questions regarding the following one (1) item:

9. Occupant load should be capped at 99 people due to the lack of fire sprinkler protection.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your demolition permit and conditional use:

1. After the plans have been revised per the above conditions, please **one (1) complete digital plan set in PDF format** of complete, fully dimensioned, and to-scale plans; the appropriate site plan review application and [site plan review fee pursuant to Section 28.206](#) of the Zoning Code; and any other documentation requested herein to the Zoning Administrator at zoning@cityofmadison.com. (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email zoning@cityofmadison.com regarding questions or if you need alternative filing options. The check for the **site plan review** fee shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.) The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
3. The conditional use approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
4. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic

Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.

5. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 243-0455.

Sincerely,

Colin Punt
Planner

cc: Jacob Moskowitz, Asst. Zoning Administrator
Jeff Quamme, Engineering - Mapping
Bill Sullivan, Fire Department

I hereby acknowledge that I understand and will comply with the above conditions of approval for conditional uses.
