### **SUMMARY:**

*Brennan Kraus, registering neither in support nor opposition and wishing to speak.  
Alicia Reed, registering in support and available to answer questions.*

Kraus referenced emails with Staff that indicated that most of their questions had been answered. Staff requested that the Commission review the style of the two entrance doors. The Applicant would like some clarification on the head trim details. They can replicate it, but have a few remaining questions. They can comply with the siding recommendation.

The original request contained a two panel door. Reed commented that it was the closest they could find to the Queen Anne style Staff recommended, given the door frame's smaller opening.

Fruhling passed around the original submission.

Levitan asked what the current proposed door was. It's the original proposed, but the Applicant is open to suggestions from Staff or the Commission. McLean asked if the door would be steel. The Applicant indicated that it would be a steel door painted to match the frame.

### **ACTION:**

**A motion was made by Arnesen and seconded by Andrzejewski to approve the request for the Certificate of Appropriateness with the stipulation that the Applicant abide by the conditions outlined on the staff report and work with Staff on final details. The motion passed on a voice vote.**
