## Petition Against Proposed Bike Path in the Sauk Creek Greenway

We, the undersigned are in strong opposition to the construction of a bike path in the Sauk Creek Greenway as proposed by the City of Madison because such a bike trail: (i) goes against the City's Stewardship/Green values by reducing a Tree Canopy and adding impervious surface; (ii) the 2015 Bike Plan said there is NOT a bike network gap in the neighborhood; (iii) the 2000 Bike Plan said it is not a priority since a Primary bike path on Westfield Road exists (now more safe with speed bumps) and a Secondary bike path on High Point Road are within 1000'+feet; (iv) it does not have a connecting destination. Therefore, the proposed bike path should be removed from Complete Green Street Guide, West Area Plan and SC Greenway project.

## Petition Against Proposed Bike Path in the Sauk Creek Greenway

We, the undersigned are in strong opposition to the construction of a shared bike path in the Sauk Creek Greenway ("Greenway") as proposed by the City of Madison Engineering Division. Such a bike trail would: (i) be dangerous to other users in the Greenway and would result in the loss of existing trees and other vegetation; (ii) conflict with the use of the Greenway and adjacent Walnut Grove Park by small children, nearby elderly residents, dog walkers and families from nearby apartments; (iii) the Greenway is already rimmed by bike lanes on Westfield Road, High Point Road, Old Sauk and Tree Lane. Furthermore, the neighbors were not properly notified that a public bike path through the Greenway was incorporated in the MPO 2015 bike transportation plan; therefore, it should be removed.

## Petition Against Proposed Bike Path in the Sauk Creek Greenway

We, the undersigned are in strong opposition to the construction of a shared bike path in the Sauk Creek Greenway ("Greenway") as proposed by the City of Madison Engineering Division. Such a bike trail would: (i) be dangerous to other users in the Greenway and would result in the loss of existing trees and other vegetation; (ii) conflict with the use of the Greenway and adjacent Walnut Grove Park by small children, nearby elderly residents, dog walkers and families from nearby apartments; (iii) the Greenway is already rimmed by bike lanes on Westfield Road, High Point Road, Old Sauk and Tree Lane. Furthermore, the neighbors were not properly notified that a public bike path through the Greenway was incorporated in the MPO 2015 bike transportation plan; therefore, it should be removed.
