Aldersperson Schumacher and City Clerk Saterfield:

I'm writing on behalf of some 40+ neighbors who have expressed an interest in having Knutson Drive improved. As members of the Westport Meadows Subdivision and members of the Northlake Mendota N.A., we are concerned about the condition of Knutson Drive and its safety between Northport and Green Avenue. Enclosed is a petition which was gathered in a matter of hours last fall to make this request.

Knutson Drive is the main entrance and exit for over 200 homes. The improvements we are requesting is that the street be redone to include curb and gutters and made to a normal width. This request was also made verbally in 1989. We were told that they the residents on Knutson Drive had an assessment three-years earlier so it would be soon; it's now been 18 years. Patching and adding oil/pea gravel is not the answer.

If you have any questions, I can be reached at 249.4881 (home), 242.5270 (work) or 770.9401 (cell).

Thank you for your assistance in making this happen.

Sincerely,

Mark Meunier

Petition for Street Improvements

We, the undersigned residents of West Port Meadows subdivision are requesting the City to do street improvements on Knutson Drive from Northport Drive to Green Avenue.

This subdivision has been established for 20 years and Knutson is the main entrance into our subdivision which serves approximately 200 houses and several businesses. Green Avenue residents have had street improvement on roads that are newer and in far better condition than Knutson Drive. (Street improvements required are curb and gutter and reconstruction of the street.)
