**Subject:** Support Hammersley Road Proposal  
**Date:** Tuesday, March 8, 2022 4:10:08 PM

---

Dear Madison Transportation Commission,

To the City of Madison Transportation Committee:

I am writing to you today to register my support for the proposed changes to Hammersley Road.

The revisions will contribute to Madison's goals to reduce carbon emissions in the transportation sector by re-engineering streets as shared spaces for pedestrians, bicyclists, buses, and cars. It also works to achieve climate justice and climate mitigation by making biking and walking safer and more accessible for residents of this economically and racially diverse part of Madison.

Thank you for your commitment to climate justice and climate mitigation.

Sincerely,  
Julia DePalma
