Larry,
I think we will attend the BPW meeting tomorrow to discuss this with them. Marsha has already contacted me and will place us on the agenda. Thanks again for your time.
Vince

I don't know if it would help, but you are welcome to appeal our determination.

Larry,
We are not trying to change our price only give you the missing unit prices that equal our lump sum price. Would it help if we explain this to the BPW? Thank you for your time on this.
Vince

Vince, I shall need to pass this along to the BPW for their consideration. I don't think we can accommodate you as this would change your price. As you are aware, we cannot waive bidding irregularities that change price, quality or time.

Larry,

I am sending you the attached letter regarding the Breese Stevens Field Restoration project. After you have reviewed it please contact me or Robin Roberts at 257-0500.
