

January 2011

Glendale neighborhood

We, the undersigned, do not support any plan for the inclusion of sidewalks in our neighborhood, with particular reference to Douglas Trail and Joylyne Street. In addition, we request a postponement of any further action on the proposed street project for the Douglas Trail/Joylyne Street area until after the new alder person has been elected for the 16th district, and had time to acclimate to their responsibilities and become acquainted with the needs of their residents.
