The motion passed with the following conditions:

- The lighting plan shall be revised to address the concerns in the staff report and can be administratively reviewed.
- The landscape plan shall be revised to reflect hardwood bark mulch in all planting beds.
- Provide a color staining type of finish on the concrete columns in the covered parking area.

**A motion was made by von Below, seconded by Bernau, to Grant Final Approval. The motion passed by voice vote/other.**

3. 85349 5152 Tradewinds Parkway - New Multi-Tenant Building in Urban Design District (UDD) 1. (District 16)

The motion passed with the following finding and conditions:

- The elevations shall be revised to minimize the raised parapets where possible, and to incorporate the vertical fluted metal panel elements at the down spout locations on the rear elevation, as well as on the building corners.
- The landscape plan shall be revised along the south side of the building to be a double row of perennials that run in front of the shrubs flanking both sides of the doors on the front of the building.
- The landscape plan shall be revised to show at least 6" of soil depth.
- The UDC found the use of metal panel to be an integral part of the building design.

**A motion was made by von Below, seconded by Rummel, to Grant Final Approval. The motion passed by voice vote/other.**

4. 85348 7148 Manufacturers Drive - Comprehensive Design Review of Signage (CDR). (District 17)

## UNFINISHED BUSINESS

7. 84855 619-699 W Mifflin Street - New Multi-Family Residential Building in UMX Zoning. (District 4)

The motion to recommend Initial Approval included the following conditions and recommendations:

- The gates at the unit terraces and fencing, as well as the landscape design at the building corner facing the Depot shall be brought back for Final Approval.
- The Commission noted that the details that the Landmarks Commission requested input on are acceptable as designed, including the windows at the base both in terms of punched openings rhythm and the appearance of double-hung windows, the stone sills, the recessed banding, and the cornice.
- The Commission also recommends that the chamfer not be included as requested by the Landmarks Commission because it is foreign to the building; it's a small gesture at a two-story level to face the Depot when the remainder of the design works well with the long views/context, and within the other parameters of the design guidelines, and that no additional

setback/stepback of the building would be necessary.

- The motion includes a preference for the design Alternate 1 option for the entry canopy, as it feels more suitable/compatible for the overall building design.

**A motion was made by von Below, seconded by Klehr, to Grant Initial Approval. The motion passed by voice vote/other.**

**Ayes:** 3 - Marsha A. Rummel; Kathryn (Wendy) von Below and Jessica Klehr
