Thanks Wade. If DNR approves a fill for the wetland finger (where the proposed extension of the street is going), and if you will not be grading within 30 feet of the wetland edge, then what you are proposing would be a minor change.

Regards,

Kamran

Hi Kamran,

Following our previous conversations and correspondence with the City of Madison, we have revised the Site Plan to accommodate for the adjacent wetlands, etc. We would like to confirm with you the revised Site Plan would be considered a minor change to the environmental corridor at your earliest convenience.

Thank you for your time. We will contact you shortly to discuss.

Regards, Wade
