LEGISLATIVE FILE ID 17683

We, the petitioners, are in opposition of the proposal to implement a 3 hour parking limit in Olin-Turville Park. We feel it unfair to impose limited parking for Olin-Turville's parking lot. In order to carry out passive policing of the illicit conduct occurring in the park's wooded area, the Madison Common Council will be displacing a good number of commuters and park users who utilize the lot. Most commuters who use this lot ride the Metro bus to their final destination while others pedal their bikes due to the fact that downtown parking is unaffordable for some and unattainable for others.

If our argument is not compelling enough to persuade you to reconsider, we ask the Common Council to, at very least, before being ousted June 1, 2010, find us an alternate location for the commuters to park and ride or pedal to work with as much ease as it is now, conveniently near a bus line and bike path.

Thank you for your time and consideration in this matter.
