Subject: Burnt Sienna Dr - Elderberry Neighborhood Plan

Good afternoon Mr Greger,

I live on the corner of Burnt Sienna and Elderberry roads, I just recently became aware of the 2018 draft Elderberry Neighborhood plan, specifically how it relates to Burnt Sienna Dr. I wanted to reach out to the City (and as many related parties as I can find) to voice my extreme concern and voiceferous opposition to this proposal.

Burnt Sienna is already a dangerous street due to speeding and incautious/inattentive drivers, and the city wants to make this a through street, to alleviate traffic on a highway that sees major rushour traffic?

The car accident that occured the afternoon of 4/8/2018 only underscores and highlights this fact. Thank goodness their (or our) children were not out playing in the front yard at the time. Furthermore I was under the impression that collector streets had to meet a certain requirement (which Burnt Sienna does not).

Please let me know anything and everything I can do to make our voices heard on this matter. As my wife and I plan on doing everything within our power to oppose this plan.

Thank you,
Matt Smith
