RE: Legistar #58779; Accela ID: 'LNDUSE-2019-00125' -- Approval of a Conditional Use for an animal shelter in the Industrial-General (IG) District 3205 Latham Drive.

Dear Mr. Steinke:

At its February 10, 2020 meeting, the Plan Commission, meeting in regular session, found the standards met and **approved** your conditional use for an animal shelter in the Industrial-General (IG) District at **3201 Latham Drive**, subject to the conditions below. In order to receive final approval of the conditional use, and for any permits to be issued for your project, the following conditions shall be met:

Please contact Brenda Stanley of the City Engineering Division–Main Office at (608) 261-9127 if you have questions regarding the following three (3) items:

1. Enter into a City / Developer agreement for the required infrastructure improvements. Agreement to be executed prior to sign off. Allow 4-6 weeks to obtain agreement. Contact City Engineering to schedule the development and approval of the plans and the agreement. (MGO 16.23(9)c)
2. Construct sidewalk to a plan along Latham Drive as approved by City Engineer
3. The approval of this zoning approval does not include the approval of the changes to roadways, sidewalks or utilities. Obtain separate approval by the Board of Public Works and the Common Council for the restoration of the public right of way including any changes requested by developer. The City Engineer shall complete the final plans for the restoration with input from the developer. (MGO 16.23(9)(d)(6))

Please contact Sean Malloy of the Traffic Engineering Division at (608) 266-5987 if you have any questions regarding the following eight (8) items:

4. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.

5. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
6. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
7. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
8. All bicycle parking adjacent pedestrian walkways shall have a 2 foot buffer zone to accommodate irregularly parked bicycles and/or bicycle trailers.
9. "Stop" signs shall be installed at a height of seven (7) feet from the bottom of the sign at all class III driveway approaches, including existing driveways, behind the property line and noted on the plan. All directional/regulatory signage and pavement markings on the site shall be shown and noted on the plan.
10. Secure parking facility. This is usually done with continuous six (6) inch curb, timbers, preformed wheel stops, guardrail erected at a height of eighteen (18) inches or fencing of sufficient strength to act as a vehicle bumper.
11. The applicant shall construct sidewalk along Latham Drive according to plan as approved by the City Engineer.

Please contact Jacob Moskowitz of the Zoning Division at (608) 266-4560 if you have any questions regarding the following two (2) items:

12. Submit a detail of the trash enclosure. Such area shall be screened on four (4) sides (including a gate for access) by a solid, commercial-grade wood fence, wall, or equivalent material with a minimum height of six (6) feet and not greater than eight (8) feet.
13. A bicycle stall is a minimum of two (2) feet by six (6) feet with a five (5) foot wide access area. Submit a detail showing the model of bike rack to be installed.

Please contact Brad Hofmann of the Forestry Division at (608) 267-4908 if you have questions regarding the following item:

14. Additional street trees are needed for this project. All street tree planting locations and trees species within the right of way shall be determined by City Forestry. Please submit a site plan (in PDF format) to Brad Hofmann – bhofmann@cityofmadison.com or (608) 266-4816. Tree planting specifications can be found in section 209 of City of Madison Standard Specifications for Public Works Construction.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please revise your plans per the above conditions and submit **eight (8) copies** of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 215 Martin Luther King Jr. Boulevard. **This submittal shall all also include one complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator, following consideration by the alderperson of the district, may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at (608) 261-9135.

Sincerely,

Chris Wells
Planner

cc: Brenda Stanley, Engineering
Sean Malloy, Traffic Engineering
Jacob Moskowitz, Zoning
Brad Hofmann, Forestry

I hereby acknowledge that I understand and will comply with the above conditions of approval for the conditional use permit.

Signature of Applicant

Signature of Property Owner (if not the applicant)
