Agenda items 82547, 82548, 82549

These establishments are asking for outdoor, amplified music 2 nights a week May-October 4 pm-9 pm. There is a long and documented history of this owner not working with the neighbors when noise is too loud, crowds are too rowdy, and not shutting down in the timeframe outlined. I am not in favor of allowing this bad behavior to continue or to allow disruption to my work and home life 6 months out of the year. I hope you will consider the many past calls to the police and the involvement of city officials and use these to vote down this request. If you must move forward please for everyone's understanding and compliance, write out the specific noise control (decibels), crowd control, and clear out-time so that there is no "misunderstanding" by this establishment and the city and police can enforce the rules you outline.

I am a close neighbor who is significantly impacted by this outdoor music.

This establishment has a history of having its customers taunt those who speak out against them so please, I ask that you respect my anonymity and black out any identifiable details.
