**Subject:** CCEC Agenda Items 3 and 4

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Good Afternoon,

I am writing because the CCEC agenda items 3 and 4 introduce changes but no documents are attached in Legistar to let me prepare for this item. Is this action intentional?

I would like to build inclusion not division by including the information you have access to prepare for this agenda item. Without it I have no choice but to oppose it until I have some direction. I am not willing to provide a blank check for the Executive Committee to make a recommendation to the Common Council without the opportunity to provide input.

Others have registered opposed for this same reason.
