STAFF REVIEW OF PROPOSALS FOR 2013 – 2014 Funding Process

1. Project Name/Title: Affordable Rental Housing

2. Agency Name: Common Wealth Development

3. Requested Amount: 2013: \$432,000

2014: \$432,000 (Prior Year Level \$197,050)

4. Project Type: ☐ New or ☒ Continuing

5. Framework Plan Objective Most Directly Addressed by Proposed Activity:

D. Housing - Rental housing

6. Product/Service Description:

Common Wealth Development (CWD) proposes to acquire and rehabilitate 16 units of affordable rental housing for low-income households in Southwest Madison. CWD provides property management for the affordable housing developments that they own and operate.

7. Anticipated Accomplishments (Numbers/Type/Outcome):

Funds will be used to develop 8 units of affordable rental housing in 2013 and 8 units of affordable rental housing in 2014. CWD will target 4 of the 16 units to households at or below 50% of the area median income (AMI). All units will initially be rented to households at or below 60% of AMI, per the 2013-2014 Framework and HOME regulations.

8. Staff Review:

The proposal is for a "license to hunt" meaning that sites have not yet been identified. If implemented as planned, the proposed acquisition/rehab projects will effectively produce affordable rental housing. The proposed budget is based on 29 years of experience developing housing and appears reasonable. However, an actual project pro-forma and related details will need to be submitted, evaluated and approved when the sites are known. The actual per unit subsidy may vary depending on the size of the units, purchase price and amount of necessary rehab.

CWD's application demonstrates a diverse array of financial & volunteer support. CWD proposes to leverage a first mortgage loan of approximately \$386,000 for each 8-unit project as well as other additional resources needed to complete each project. Based on past performance and experience in developing housing, CWD should be able to meet these objectives in the proposed timeline.

CWD proposes to target properties in SW Madison including the SW-North/Bettys/ Hammersley/Theresa/Park Edge/Park Ridge Neighborhood Resource Team areas.. These areas are identified as City of Madison focus areas due to higher than average rental rates, vacancy rates, absentee landlords and police calls as well as lower property values. CWD plans to improve property conditions through needed rehabilitation while increasing the presence of a local landlord in an area with a high percentage of absentee landlords. CWD proposes to monitor foreclosed, vacant properties as potential purchase options which is consistent with the Mayor's goal of converting foreclosures into affordable housing and the City's Anti-displacement policy. Rental vacancy rates in Madison have been steadily dropping over the past five years to a historic low of 2%, demonstrating pent up demand for rental units.

CWD has a strong knowledge of the housing market; however the organization's rental experience is limited to the Marquette neighborhood. Project sites identified will be consistent with the 2013-2014 Framework condition to not convert owner-occupied units to rental units. CWD's application acknowledges working in SW Madison may present new challenges and different assumptions regarding market and costs. Having been established to stabilize the once distressed Willy St./Marquette neighborhood, CWD is experienced and successful with neighborhood revitalization efforts.

CWD's proposal gives solid evidence of coordinating with existing agencies and resources in this target area. Specific to this proposal, CWD is in the process of hiring a Housing Community Organizer (HCO) by the end of July in coordination with the SW Joining Forces for Families (JFF) Office, Orchard Ridge United Church of Christ, and Public Health Madison & Dane County. This HCO will develop partnerships to coordinate efforts

and maximize positive outcomes for the tenants in this area, especially in CWD's proposed new SW developments. Hiring a HCO also demonstrates thorough planning and should yield a positive impact in that area. By working with these agencies CWD can deal with issues that arise.

In a phone conversation, CWD's Executive Director clarified the following information:

- 1) Qualifications & Development Experience: Two CWD staff are licensed Real Estate Brokers who will assist in the search for and analysis of suitable acquisitions in the target area.
- 2) Market Conditions: Current real estate listings demonstrate an adequate supply of 4-plexes in CWD's price range. CWD contracted for a brief housing market study for the SW side in 2009, but recognizes that updated information will be needed to assess the market conditions in these areas. CWD also clarified that they prefer to search for 4-unit properties with 2-3 BRs, but will also review 8-unit and 2-unit properties that are for sale.
- 3) <u>15-Year Pro-forma:</u> CDBG staff asked CWD to resubmit the 15 year pro-forma due to a formula error on the vacancy/bad debt that calculated the bottom line (cash flow) incorrectly.
- 4) <u>Duplication of Services:</u> The Housing Community Organizer will not duplicate direct services provided by JFF, CAC, TRC or other organizations.

CWD is a Community Housing Development Organization (CHDO) and qualifies for HOME CHDO set aside funds.

This proposal does not identify a specific site(s) but rather requests funds to allow the agency to seek a site(s). Proposed new HUD rules state that funds may not be committed unless a specific local project with an address has been reviewed and approved based on detailed project information. If funding is recommended, this project may only be approved contingent upon having identified a specific site(s) by a certain date and providing related project detail sufficient for staff to ensure a viable project and compliance with regulatory requirements.

HUD has proposed a slate of significant changes to the HOME regulations. These changes have been put forth for comment and at this time the final version is not decided. It is HUD's intent to have these rules finalized by the end of this year. If this project is funded it will have to comply with all future adopted regulatory changes.

DESCRIPTION OF PROJECT

1. NEED FOR PROJECT: Please identify local community need, including gap you are addressing, and assessment of market conditions of the neighborhood, the response of the neighborhood and the alderperson of the proposed project.

This project addresses the need to expand the number of affordable housing rental units & to improve the quality & diversity of units available to low er income individuals. SW Madison has pocketed neighborhoods overwhelmed with high levels of poverty & homelessness. 71% of children at Falk Elementary & 51% at Orchard Ridge Elementary in 2010-11 were low income. Falk & Orchard Ridge have high mobility rates of 28.91% & 23.32% respectively, compared to 18% of all MMSD elementary schools. According to a report by Urban Assets, 20% of the properties on Russett/Balsam Rds are owned by landlords that don't live in Madison & the conditions of the properties are fair to poor. In the Loreen/Bettys/Hammersley Area, 81% of the duplexes are non-owner occupied and 30% are owned by landlords that don't live in Madison.

2. PROJECT DESCRIPTION: Please provide an overview of the project, including whether project is acquisition, rehab and/or new construction, type, size of unit created, and the impact of your project.

Common Wealth Development will acquire and rehabilitate 8 units of housing in 2013 and another 8 units of housing in 2014 in SW Madison. CWD will create 4 units for households at or below 50% of Dane County Median Income and 12 units for households at or below 80%. Where feasible, CWD will incorporate accessibility and energy efficiency features and remove lead paint and asbestos. These units will expand the number of affordable housing rental units and improve the quality and diversity of the units available to low er income individuals and families in SW Madison. There is a dire need for decent housing managed by invested landlords in SW Madison. Affordable housing will increase family and community stability in SW Madison.

3. PROPOSED PROJECT GOALS: Please provide the total number of units in the project, the number of affordable units created and the number of units assisted with requested funds, the number of unduplicated households served by the assisted units.

CWD will expand the number of decent affordable housing rental units & improve the quality & diversity of the units available to low er income individuals throughout the community. Over 2 years, CWD will provide affordable housing to 16 households, serving 16-64 individuals. 4 households will serve those at or below 50% of Dane County Median Income & 12 households will serve those at or below 80%.

4. SERVICES INCLUDED IN PROPOSED PROJECT: Please describe any services (such as housing counseling or
case management), provided to the residents in this project, including those that are disability related.
If services are ongoing, please describe the content and frequency

5. LOCATION: Please identify the specific site or target neighborhood(s).

CWD will target potential sites in SW Madison, including the Balsam/Russett and SW-North/Betty/Hammersley/Theresa/Park Edge/Park Ridge Resource Team areas. CWD has not yet identified the 16 units of housing but will monitor foreclosed properties as potential purchase opportunities.

- 6. POPULATION SERVED: Please describe the target population in terms of preferences to a specific population
- (e.g., families, individuals with a disability, homeless) or any other unique characteristic.

Common Wealth Development will target low income housholds. 4 units will be available for households under 50% of Dane County Median Income. 12 units will be available to households under 80% of Dane County Median Income. Where possible, Common Wealth Development will create housing accessible to people with disabilities.

7. OUTREACH PLAN: Please briefly describe your affirmative marketing strategy, tenant selection plan

and any other strategies to engage your intended population.

Common Wealth Development will work closely with the Housing Community Organizer to market the apartments at the Housing Service Center that will be located at the JFF office on Russett Rd. CWD will coordinate with Michael Bruce at the JFF office and Department of Public Health nurses, Kim Neuschel and Jessica LeClair, to successfully market the apartments to neighborhood residents. CWD has a successful outreach plan that enables us to maintain high occupancy rates. CWD affirmatively markets all rental properties. A notice of vacancies is sent to a list of organizations and service providers representing and aiding minority and low-income populations and people with disabilities. The Equal Housing Opportunity logo is used with all advertising and the Fair Housing Poster is displayed in our offices. Records of advertising are kept for three years. The source of the applicant's know ledge of the vacancy is tracked in the application.

8. COORDINATION: Please describe how you coordinate your project with other community groups or agencies.

Through funding from Orchard Ridge United Church of Christ, CWD, in coordination with Joining Forces for Families and Public Health Madison & Dane County is hiring a Housing Community Organizer to centralize & improve upon current housing services in SW Madison. The Housing Community Organizer will develop a Housing Service Center & identify opportunities to build greater resiliency within the SW neighborhoods by organizing residents & stakeholders to address the root causes of homelessness and poverty. CWD will use the Housing Service Center to market apartment vacancies. CWD has a 31 year history as a good landlord so we get many referrals from agencies and will work with these agencies to market apartment vacancies. CWD will work with these agencies to deal with any potential issues that arise with tenants of these apartments. Given our unique partnership with Orchard Ridge, JFF and Public Health, we can use these connections to coordinate efforts and maximize positive outcomes.

9. VOLUNTEERS: Please describe how volunteers will be utilized in your project.

- 11. BARRIERS: Are there populations that are experiencing barriers to the housing you are proposing,
- e.g., access to transportation, physical or mental impairments or disabilities?

CWD offers affordable housing to low and moderate income households. If there is a language barrier, CWD will seek translation assistance. CWD currently works with numerous groups serving people with disabilities. CWD is responsive to accomodating the special needs of these residents. We have made numerous accomodations to our apartments to make them more accessible to our residents with physical disabilities. At Yahara River View Apartments, we created raised bed gardens to provide gardening opportunites for people of all abilities. We also work with residents with other special needs.

12. EXPERIENCE: Please describe your agency's affordable housing development experience, qualifications of proposed project staff, financial capacity of your agency to complete your proposed project, and past performance that will contribute to the success of the proposed program. How many affordable housing units has your agency created and managed in the past five years?

CWD has a successful 33-year track record of neighborhood revitalization with a history of acquiring and rehabilitating older properties and creating new housing development to provide affordable housing. CWD's housing goals include creating affordable housing for people with limited incomes and preserving and improving older housing stock while preserving the community's socio-economic diversity. Currently, CWD owns and manages 99 units of rental housing with consistently high occupancy rates. CWD recently purchased three foreclosed properties and provided substantial rehabilitiation. Jenifer Place will open in August and provide 12 affordable apartments on Madison's east side. CWD already has 35 applications for these 12 apartments. Paul Jasenski, Housing Development Manager, has worked at CWD for 24 years on acquisition, rehabilitation, construction management, financing, and management of CWD's housing projects. Paul has put together numerous affordable housing projects including the highly successful Falconer Cooperative, Yahara River View Apartments and Jenifer Place. Ted Parker, Financial Manager, has over 24 years of financial non-profit management experience. He is responsible for CWD's annual operating budget of 1.6 million dollars. Marianne Morton has over 30 years of community and economic development experience and is skilled in pulling together funding sources, mobilizing community support and delivering programs and projects. Diane Eddings, Housing Manager, has over 12 years of housing management experience including affirmative marketing, outreach, tenant relations and tax credit compliance. Jill Oelke, Housing Specialist, has over 30 years experience in the real estate field. Staff's long term tenure at CWD shows their effectiveness and commitment to providing affordable housing opportunities.

13. RISK: Please describe the level of risk your agency will be taking with this project.

Please describe any fees you will be charging to the participant.

CWD has a 29 year history of providing affordable housing. Expansion into SW Madison is a significant change for us. We recognize that developments in SW Madison will have greater risk and will need to be underwritten and managed carefully. We will coordinate with the Housing Organizer, JFF and Department of Health staff.

3. AGENCY ORGANIZATIONAL PROFILE

a. AGENCY MISSION STATEMENT

Common Wealth Development's mission is "To continue to build and sustain a vibrant, diverse, engaged, inclusive and safe community". Common Wealth's goals are: 1) to provide job training, placement, financial education and mentoring for low-income teens; 2) to promote the creation of new living wage jobs; 3) to create affordable housing; 4) to preserve and improve existing housing stock; and 5) to involve the people living and working in our neighborhoods in community-building activities.

b. AGENCY EXPERIENCE AND QUALIFICATIONS

CWD has a successful 33-year track record of neighborhood revitalization and has completed many innovative programs and initiatives that have improved our community through development of quality affordable and accessible housing; creation of jobs for low-moderate income households; and access for teens to employment opportunities, earned income and supportive relationships with adult mentors. CWD has a diverse and experienced staff committed to carrying out its mission. CWD's Executive Director, Marianne Morton, has 31 years of community and economic development experience and is skilled in putting together financing sources, mobilizing community support and delivering programs and initiatives. CWD's Financial Manager, Ted Parker, has over 24 vears of non-profit financial management experience. Common Wealth's Program Managers for business, youth and housing -have a combined total of 48 years of non-profit experience. Common Wealth's staff is skilled and experienced in working with people from a wide variety of cultural and racial backgrounds. They regularly attend trainings and stay abreast of best practices on working with culturally diverse and high-needs populations. CWD acquires and rehabilitates older properties and creates new housing development to provide affordable housing. Currently, CWD owns and manages 99 units of rental housing. CWD recently purchased three foreclosed properties on Madison's east side and provided substantial rehabilitation. Jenifer Place will open in August and provide 12 affordable apartments. With 35 years of combined work with CWD, housing staff's long term tenure at CWD shows their effectiveness and commitment to providing affordable housing opportunities. Since launching our Youth Program tw enty-tw o years ago, CWD has provided over 7,000 youth with opportunities to improve their quality of life by economically empowering themselves. CWD's employment and financial programs enable lowincome and at-risk youth to develop and apply employment and money management skills, explore careers and higher education, and have access to employment opportunities, earned income, matched savings accounts and supportive relationships with adult mentors. CWD's long-history of delivering need-based and result-producing employment programs to economically disadvantaged and at-risk youth led to CWD receiving the 2007 Governor's Aw ard for Financial Literacy.

STAFF REVIEW OF PROPOSALS FOR 2013 – 2014 Funding Process

1. Project Name/Title: Program A. Rental Housing

2. Agency Name: Housing Initiatives

3. Requested Amount: 2013: \$432,000 (Prior Year Level: \$0)

2014: \$432,000 (2012 Reserves: \$139,100)

4. Project Type: ☐ New or ☐ Continuing

5. Framework Plan Objective Most Directly Addressed by Proposed Activity:

D. Housing - Rental housing

6. Product/Service Description:

Housing Initiatives (HI) proposes to acquire and rehabilitate 16 units of affordable rental housing for low-income people who have chronic mental illness and are homeless. HI provides property management for the 79 units that they currently own and operate; secures rent subsidies for their clients (Shelter + Care, Section 8 or Veterans Assistance (VASH) Vouchers) to make the units affordable; and ensures that their clients receive case management services.

7. Anticipated Accomplishments (Numbers/Type/Outcome):

Funds will be used to develop 8 units of affordable rental housing in 2013 and 8 units of affordable rental housing in 2014 for a total of 16 units targeted for lower income individuals.

8 Staff Review

The proposal is for a "license to hunt" meaning that sites have not yet been identified. The proposed budget is based on 16 years of experience developing housing. Projected cash flow appears high for this size development. However, an actual project pro-forma and related details will need to be submitted, evaluated and approved when the sites are known. HI proposes to leverage a low-interest 2% 30-year WHEDA loan of approximately \$200,000 to complete each 8-unit project. The actual funding subsidy may vary depending on size of units and purchase price.

In terms of project demand, HI application's states that there are 100 people on the waiting list. The application has limited information about affirmative marketing strategies and their tenant selection plan, although the CDBG office approves these annually with the most recent being May 2012. Rental vacancy rates in Madison have been steadily dropping over the past five years to a historic low of 2% demonstrating pent up demand for rental units.

HI works closely with their clients' mental health case managers to maintain tenant stability. HI has established numerous relationships with agencies who work with their residents. By working with these agencies HI can deal with issues that arise. HI's proposal references coordination with Dane County Mental Health providers and the Veteran's Administration, though not at length. HI uses a handful of volunteers for transportation and property upkeep.

HI has a 16 year successful history of developing affordable housing for this high-risk, high-needs population of homeless people with mental illness. HI has been adding between 4-8 units per year to its portfolio, and therefore should be able to meet these objectives in the proposed timeline. The application has limited details about HI staff's qualifications and development experience, market conditions, project timeline, and financial capacity of the agency. In a phone conversation, HI's Executive Director clarified the following:

- Qualifications & Development Experience: The Executive Director has developed 18 affordable rental housing projects including one major new construction project. The Development Director has 35 years experience having retired from WHEDA in the multi-family, non-profit rental underwriting department.
- 2) Market Conditions: There have been several real estate listings per month of 4-plexes in the \$180,000-\$240,000 price range demonstrating adequate supply. HI prefers to focus on foreclosed, vacant properties ideally on the westside so as to provide diversity in housing opportunities for their clientele. Very few properties are entirely vacant which limits availability, but a few opportunities do arise. HI states they have become more involved in community stabilization efforts and seek properties where this is necessary. The application mentions seeking condominium units, however, identified project sites

- will have to be consistent with the 2013-2014 Framework condition to not convert owner-occupied units to rental units.
- Timeline: 2013 & 2014: Site identification- April; Closing- August, Rehab- September, Rent-up- October.

HI is a Community Housing Development Organization (CHDO) and qualifies for HOME CHDO set aside funds.

This proposal does not identify a specific site(s) but rather requests funds to allow the agency to seek a site(s). Proposed new HUD rules state that funds may not be committed unless a specific local project with an address has been reviewed and approved based on detailed project information. If funding is recommended, this project may only be approved contingent upon having identified a specific site(s) by a certain date and providing related project detail sufficient for staff to ensure a viable project and compliance with regulatory requirements.

HUD has proposed a slate of significant changes to the HOME regulations. These changes have been put forth for comment and at this time the final version is not decided. It is HUD's intent to have these rules finalized by the end of this year. If this project is funded it will have to comply with all future adopted regulatory changes.

Total Cost/Total Beneficiaries Equals: \$632,406/8 rental housing units= \$79,051/unit

CD Office Funds/CD-Eligible Beneficiaries Equals: \$432,000/8 rental housing units= \$54,000/unit

CD Office Funds as Percentage of Total Budget: 69%
