Ruth - Please share with Plan Commission members. Thank you.

Dear Plan Commissioners -

I'm writing in support of legislative file # 07456, which is #2 on your 10/1 agenda. The Berkeley Oaks Neighborhood Association has been working hard on this project, including fundraising to purchase plants. It's their hope (and mine) that this project will help beautify the neighborhood and increase neighborhood pride, and bring people together as they work to install the project.

I hope you'll support it on 10/1.

Thank you  
Satya Rhodes-Conway  
District 12 Alder
