I received the letter about likely gravel alley paving in 2020. I own a property at 1326 Vilas Ave. I was disappointed when it was discussed and not paved a number of years ago when residents got to vote on it, but am glad to see that it sounds like this time, the city just plans to move forward with the project.

I just wanted to relay that I think that will be much better for drainage and keeping cars clean not having the gravel and large mud puddles, etc. as I do think some alley owner's are still fine with the gravel.

Sincerely,

--
