Hello,

First I would like to say that I appreciate the community service of all members of the ALRC.

I am a resident of the Marquette neighborhood. We are welcoming and tolerant, that's what attracts folks to our neighborhood.

However, I believe you would agree that continual sleep deprivation caused by a neighbor, (any neighbor), is not something that anyone should have to "tolerate".

I ask that you request Plan B, as a good neighbor, make accommodations to help insure residential neighbors in the area are not subject to a continued, apparently curable, noise nuisance.

Cordially,
Steve Silverberg
