alcohol review committee

Visions liquor incense , should be taken away forever

the strip joint should go away

And not be allowed to change owners to silk joint

strip clubs take advantage of women

Changing the name will do nothing

the new place will have more lawyers

There were four people shot , 1 stabbed at visions 2018

There was a murder in the parking lot of Pedro's /AutoZone in 2015

the victim was shot 14 times

1997 or 1998 a female Escort was raped and murdered in the Spence hotel

Across from visions

There are drug deals in Pedro's/ AutoZone parking lot across from visions

Kick trip closes at midnight because of the crime in the area

All the other kwick trips are 24 hrs

Dane county credit union , has no bank tellers , due to the crime in the area

The area has had murders rapes, robberies, drug dealing, shootings,

Stabbings, human trafficking , drunk driving, sex acts in people front yards

Threats to residents and business owners , vandalism, property damage

All this is related to Visions and the crowd it attracts

All this on East Washington Ave. which goes directly downtown

Visions, and all those empty run down buildings should be mowed over

Revoke the license, improve the city, it will cost nothing, other than lawsuits

Do not let them move to another place on the county !

How much city police tax payer money wasted because of Visions

You need/ can to prevent the next incident . you can help prevent crime in Madison , it is getting worse

Hawthorn grade school is 1 block behind Pedro's and Auto zone across from visions

Thank you

alcohol review            mayors office

The new exotic silk strip joint sounds horrible it will have even more business than visons

they would park their cars in the matc parking lot ???! , a college parking lot ????!!!!

the valet company they want. I cant find any thing about it on the internet

they will probably hire ex criminals to work at silk

if it is such a great business why do they need security guards,, valet parking, metal detectors

because it draws a bad crowd

Do you think the strippers get a 401 k Dental and vision

they use up the women, until they need news ones

they are treated like like cattle

why don't the men involved go get real jobs

they are making money off usually, uneducated lower income women

strip places, bar owners, are just bunch of semi legal pimps

Madison's motto inclusive innovative and thriving

so how does a strip joint meet that

what ever happens all over in the city, affects the downtown

visons to state street 4.5 miles 10 minutes

Madison does not need a strip joint it has enough crime already

Exotic silk club a phony name for a low life establishment

Parts of east Washington ave are starting to look good again

So lets keep going with it , get rid of this strip joint while you can

East Washington ave used to be a showcase street for when dignitaries arrived to Madison

They came from the private side of the airport up East Washington all the way to the capitol

Now they go around the lake and come up john Nolan drive because

That area of east Washington looks horrible near visons.

Property values would go up if vision is gone

new business would move in

Developers may want to buy up the several empty buildings near it and improve the area

New business may want to move into the old Gardner bakery /bimbo building or develop it into something else

The city would make more money on property taxes if some high rise building or something else moves in

They will lose money in crime, police , fire calls , ,injury to police or civilians,, drunk , lawsuits

Please do not allow this business
