Subject: neighborhood summit on development--input from Sherman School Neighborhood Association
Attachments: CNI process review document.doc

Hello Ms. Yessa:

The Sherman School Neighborhood Association agrees with the development review protocol and “process review” document drafted and used by Capitol Neighborhoods, Inc. (CNI).

CNI Development Protocol: A Process for Building Success may be found here:

- a. Full document: <http://www.capitolneighborhoods.org/pdf/cni-protocol-%20adopted%20chapter%20breaks%20proof.pdf>**
- b. Developer Edition: <http://www.capitolneighborhoods.org/pdf/cni-protocol-%20adopted%20chapter%20breaks%20proof.pdf>**

The CNI “process review” document is attached here above.

These documents present a thoughtful, complete, and well balanced approach to development within the City of Madison and should be put forward as a uniform model for excellence in the development review process..

Would you please forward these comments to Mr. Cooley and to the city’s Economic Development Committee which is in the process of reviewing city development protocols?

Thanks,

Dolores Kester, Board of Directors

Sherman (School) Neighborhood Association
