Madison, Wisconsin. 53716 Yes, by email. [lhillier@charter.net](mailto:lhillier@charter.net) All Alders Plan Commission approval of 16 story apt building I certainly hope the Council does not approve the development of A 16 story apt building on West Wilson with no parking. Regardless of what the Msyor would like, many of these renters will have cars, and compete for parking spots with downtown workers, shoppers, and tourists.

I believe the developer should revise the plans to include at least some parking tenants may rent.
