Subject: Support for proposed outdoor addition to Dexter's Pub

Dear Alder Abbas and Timothy,

I am unable to attend the Planning meeting tonight, at which there will be a discussion about a proposed outdoor addition to Dexter's Pub. I wanted to write you to voice my full support for the the addition. Though Dexter's is not technically in my neighborhood (I live in Emerson East), it is the de facto neighborhood pub and I visit it frequently, both for personal social gatherings and for our monthly neighborhood social. An added outdoor space will greatly increase my enjoyment of Dexter's -- I can't wait to meet up with friends and neighbors some beautiful summer day and enjoy supporting a local business outside. The owners and staff have been nothing but friendly and responsible -- if they say they will close it at 10pm, they will close it, and they will pay attention to noise levels. There's no way 32 people outside will be louder than a sand volleyball game with spectators, which was the previous use of the space. I see no reason why their addition should be denied, and I urge you to approve their proposal.

Sincerely,

Sarah Perdue, district 12 resident

2112 E Mifflin St, Madison
