Re: Letter of Intent
St. Paul University Catholic Center
723 State Street, Madison, Wisconsin

Dear Commissioners:

I am the attorney for the St. Paul University Catholic Foundation, Inc. ("St. Paul's") with regards to the land use approvals for the demolition of the existing St. Paul University Catholic Center church and student and the construction of a new St. Paul University Catholic Center church and student at 723 State Street, Madison, Wisconsin.

On March 2, 2012, St. Paul received Common Council approval of its proposed PUD-GDP-SIP. That PUD-GDP-SIP was for a six story structure. Since that time, St. Paul has been diligently pursuing fund raising for construction, but because of financial limitations in the ability to raise funds, the quickly increasing cost of construction, and the desire and need to get the new facility under construction and open, St. Paul has been forced to scale back its proposed project from six to five stories, consolidating and compacting the various component uses.

St. Paul is herewith applying for An Alteration to Planned Development (Plan Commission). The application includes the side by side plans showing the building revisions. I am attaching to this letter of intent to the memo of the project architect, Randall L. Milbrath, AIA, of RDG Planning & Design of July 16, 2015, outlining the changes in the building. In preparing the plans to be submitted with the application, St. Paul's design team has worked with Tim Parks, Jay Wendt, Amy Scanlon and Al Martin.

Subject: Summary of proposed Alterations to Planned Development

Copies to: Fr. Eric Nielsen, Ron Trachtenberg, Ted Lingard – St Paul UCC
File

Remarks:

Following are significant design progressions made to the proposed building since the recording of the PUD-SIP in February 2015:

1. Site Plans: Small reduction in the length of the low seat wall located at the NW corner entrance. Building footprint, grading, utilities and delivery access plan remain unchanged.
2. Landscape Plan: Roof garden area at Level 5 has been redefined to match the new floor plan but shall remain of similar design.
3. Floor Plans:
 - a. The reduced Basement Level will have basic finishes but no occupied rooms in lieu of previous design which finished this level with student center and administrative offices for the center.
 - b. The Student Center – Level 1 will have minor layout alterations but major functions remain unchanged.
 - c. The Chapel – Level 2 will have minor layout alterations but major functions remain unchanged.
 - d. The Chapel Balcony – Level 3 will add some office space in previously open floor area but major functions remain unchanged.
 - e. The Residence – Level 4 will add two additional bedroom areas and rearrange the bathrooms.
 - f. The Dining and Great Room floors – Levels 5 & 6 will be conflated into one single floor combining the functions of both in reduced areas. The height of the building will be 14'-7" shorter than the previously approved height.
 - g. The Mechanical – Level 6 has been reduced in size.
 - h. The restroom cores have been stacked at the south end of the west wing for efficiency.
 - i. The South service elevator has been eliminated.
4. The garage has been reduced without changing the required delivery stall or access plan. Some of the bicycle parking will be installed on the exterior to maintain previous parking count.
5. Elevations: Revisions have been made to the exterior elevations as follows:
 - a. North Elevations: St. Paul representatives and the architect have met with Alan Martin of the City Urban Design Commission and Amy Scanlon, City Preservation Planner, to review exterior detail development. Suggestions from that dialogue have been incorporated into the re-submitted north elevation with an attempt to keep the front façade close to the original height and proportions. The pitched roof and lantern are slightly smaller but of more elongated proportions. An inscription referencing the intended mosaic mural has been added above the main entrance doors at the entrance level. Building identification "St. Paul Catholic Student Center" and a digital mass sign has been added on the West third of the North elevation. Stone belt courses, parapet caps and water tables have had minor revisions to work with the shorter building.

- b. East Elevation: Punched window locations have been added to accommodate interior programmatic changes at the Student Center Level and the windows associated with the eliminated Dining Level have been removed. Balance of the East elevation remains unchanged.
 - c. South Elevation: Windows have been added into the South stair tower and have been eliminated from small rooms behind the chapel. The small balcony has been relocated to accommodate interior programmatic changes from combining the Dining and Great Hall Levels, but in general maintain the previous configuration. Bicycle parking has been relocated to the South side of the building.
 - d. West Elevation: Window locations have adjusted to accommodate interior programmatic changes from combining the Dining and Great Hall Levels, but in general maintain the previous configuration.
6. Sections: A revised building section is provided with the re-submittal drawings showing reductions to the building.
 7. Perspectives: Pedestrian and Birdseye views provided with the re-submitted drawings show the reduced impact of the proposed building.

Subject: St. Paul's University Catholic Center

Hope all is well, Alder Wood.

As you are aware from our prior discussions and my voice mail to you, I am representing St. Paul's University Catholic Center on its demolition of its existing facility and construction of a new church/student center at 723 State Street.

The approved and recorded PUD-GDP-SIP for St. Paul's is a six story building. Because of financial constraints and the need to get under construction (we plan to break ground this December), we are proposing to downsize the building from six to five stories. We have met with City staff (Tim Parks, Jay Wendt, Amy Scanlon and Al Martin) to review the proposed downsized building which maintains but compresses the component uses. The basic architecture has been maintained and staff likes the architecture of the revised building better in all regards except one element (the relation of the front facades of the upper floors) which we are working on with staff.

The submission for the downsized building will be handed as an application for an Alteration to a Planned Development by Plan Commission. It will be reviewed by Landmarks for impact on the Pres House (the six story approved project was approved; so we don't see any problem with the five story version), UDC (the shorter version still meets all of their prior comments), and finally Plan Commission (there has not been any changes in the State Street area since the extension for recording was granted). In the old days, we used to call this a major minor alteration.

In order to file the application on Monday, we need your waiver, as Alderman, of the thirty day Alder/Neighborhood/Business Association notification. As I said, the only material change is the reduction from six to five stories. Wish we had the money for the extra story.

Would you please notify Tim Parks that you waive the 30 day period with a copy to me. If you have any questions, please advise.

I will get you of the final application material as soon as its prepared. After seeing it, you want any neighborhood meetings, we can arrange for same. But I have never heard of anyone objecting to a reduction in the height of building.

Thank you.

5. Submission Requirements

Application: Each submittal must include **14 collated paper copies** (11" x 17" max.) and an **electronic copy** of all application materials. The electronic copy must include individual Adobe Acrobat PDF files compiled either on a non-returnable CD-ROM submitted with the paper copies, or in an e-mail sent to: UDCApplications@cityofmadison.com. The transmittal shall include the name of the project, address, and applicant. Applicants unable to provide the materials electronically should contact the Secretary of the Urban Design Commission at 267-8740 for assistance. For an application to be considered complete and scheduled for a UDC meeting, both the paper copies and electronic copy need to be submitted prior to the application deadline. Late materials will not be accepted. An application is required for each UDC appearance. For projects also requiring Plan Commission approval, applicants must have submitted an accepted application for Plan Commission consideration prior to obtaining any formal action (initial or final approval) from the UDC. All plans must be easily read when reduced.

Fees: Fees are required to be paid with the first application for either initial or final approval of a project, unless the project is part of the combined application process involving the Urban Design Commission in conjunction with Plan Commission and/or Common Council consideration. Make checks payable to City Treasurer, Madison, Wisconsin.

Project Plans: The items listed below are minimal application requirements for the type of approval indicated. Please note that the UDC and/or staff may require additional information in order to have a complete understanding of the project.

1. Informational Presentation

- Locator Map
- Brief Narrative Description of the Project, Site Plan, and 2-dimensional images of proposed buildings or structures. Additional information may provide for a greater level of feedback from the Commission.
- Contextual site information, including photographs and layout of adjacent buildings/structures
- Any and all relevant plans and information on which feedback from the UDC is requested.

2. Initial Approval

- Locator Map
- Contextual site information, including photographs and layout of adjacent buildings/structures
- Site Plan showing location of existing and proposed buildings, walks, drives, bike lanes, bike parking, and existing trees over 18" diameter
- Landscape Plan and Plant List
- Building Elevations for all building sides
- PD text and letter of intent (if applicable)

3. Final Approval

- Locator Map
- Site Plan showing location of existing and proposed buildings
- Grading Plan
- Landscape Plan
- Plant List, including scientific name, size at planting, quantity and root condition for each species.
- Building Elevations for all building sides, colored with shadow lines, including exterior building materials and colors.
- Proposed Signage
- Lighting Plan, including fixture cut sheets and photometrics plan
- Utility/HVAC equipment location and screening details
- PD text and letter of intent (if applicable)
- Samples of the exterior building materials (presented at the UDC meeting)

Signage: The items listed below are minimal application requirements for the type of approval indicated. Please note that the UDC and/or staff may require additional information in order to have a complete understanding of the project.

1. Initial Approval

- Locator Map
- Signage as it relates to the Sign Control Ordinance provisions for Variances or Comprehensive Design Review of Signage
- Site Plan (show location of all existing and proposed buildings, and all existing and proposed signage, specifying which existing signs, if any, are to be removed)
- Scale drawing of each proposed sign, including awning graphics
- Photographs of site

2. Final Approval

- Locator Map
- Signage as it relates to the Sign Control Ordinance provisions for Variances or Comprehensive Design Review of Signage
- Site Plan (show location of all existing and proposed buildings, and all existing and proposed signage, specifying which existing signs, if any, are to be removed)
- Scale drawing of each proposed sign, including awning graphics
- Description and/or samples of materials and colors for each proposed sign
- Photographs of site
- Context of signs in surrounding parcels, in addition to the site being discussed

***NOTE:** If supplemental perspective renderings are provided, an emphasis should be placed on providing pedestrian/automobile scale viewsheds, in addition to the other required graphics.

***NOTE:** If applying for final approval without having received initial approval, all materials required for initial approval will be required.

NOTICE REGARDING LOBBYING ORDINANCE: If you are seeking approval of a development that has over 40,000 square feet of non-residential space, or a residential development of over 10 dwelling units, or if you are seeking assistance from the City with a value of \$10,000 (including grants, loans, TIF, or similar assistance), then you likely are subject to Madison's lobbying ordinance (Sec. 2.40, MGO). You are required to register and report your lobbying. Please consult the City's Clerk's Office for more information. Failure to comply with the lobbying ordinance may result in fines.

Urban Design Commission Approval Process

INTRODUCTION

The City of Madison's Urban Design Commission (UDC) has been created to:

- Encourage and promote high quality in the design of new buildings, developments, remodeling, and additions so as to maintain and improve the established standards of property values within the City.
- Foster civic pride in the beauty and nobler assets of the City, and in all other ways possible assure a functionally efficient and visually attractive City in the future.

TYPES OF APPROVALS

Informational Presentation. Applicants may, at their discretion, request to make an Informational Presentation to the UDC prior to seeking any approvals to obtain early feedback and direction before undertaking detailed design. Applicants should provide details on the context of the site, design concept, site and building plans, and other relevant information to help the UDC understand the proposal and provide feedback.

Initial Approval. Applicants may, at their discretion, request initial approval of a proposal by presenting preliminary design information.

Final Approval. Applicants may request final approval of a proposal by presenting all final project details. Recommendations or concerns expressed by the UDC in the initial approval must be addressed at this time.

PRESENTATIONS TO THE COMMISSION

When presenting projects to the UDC, applicants must fill out a registration slip provided in the meeting room and present it to the Secretary. The applicant is encouraged to consider the use of various graphic presentation material including a locator map, photographs, renderings/model, scale drawings of the proposal in context with adjacent buildings/uses/signs, etc., as may be deemed appropriate to describe the project and its surroundings. Graphics should be mounted on rigid boards so that they may be easily displayed.

Primarily, the UDC is interested in the appearance and design quality of projects. Emphasis should be given to the site plan, landscape plan, lighting plan, building elevations, exterior building materials, color scheme, and graphics.

Presentations should generally be limited to 5 minutes or as extended by motion by consent of the Commission. The Commission will withhold questions until the end of the presentation.

DEMOLITION NOTES:

- COORDINATE EXISTING UTILITY REMOVAL WITH LOCAL AUTHORITIES AND UTILITY COMPANIES HAVING JURISDICTION. ALL PRIVATE UTILITIES (GAS, ELECTRIC, AND TELECOMMUNICATIONS) SERVING EXISTING BUILDINGS SCHEDULED FOR DEMOLITION TO BE ABANDONED OR REMOVED BY CORRESPONDING UTILITY COMPANY.
- ALL SAWCUTTING SHALL BE FULL DEPTH TO PROVIDE A CLEAN EDGE TO MATCH NEW CONSTRUCTION. MATCH EXISTING ELEVATIONS AT POINTS OF CONNECTION FOR NEW AND EXISTING PAVEMENT, CURB, SIDEWALKS, ETC. ALL SAWCUT LOCATIONS SHOWN ARE APPROXIMATE AND MAY BE FIELD ADJUSTED TO ACCOMMODATE CONDITIONS, JOINTS, MATERIAL TYPE, ETC. REMOVE MINIMUM AMOUNT NECESSARY FOR INSTALLATION OF PROPOSED IMPROVEMENTS.
- CONTRACTOR SHALL PROVIDE AND SHALL BE RESPONSIBLE FOR ANY NECESSARY TRAFFIC CONTROL AND SAFETY MEASURES DURING DEMOLITION AND CONSTRUCTION OPERATIONS WITHIN OR NEAR THE PUBLIC ROADWAY.
- IT IS THE CONTRACTOR'S RESPONSIBILITY TO VERIFY THE LOCATION OF UNDERGROUND UTILITIES. UTILITIES WERE LOCATED BY OBSERVED EVIDENCE, MARKINGS PROVIDED BY DIGGER'S HOTLINE, AND RECORD DRAWINGS FROM THE CITY OF MADISON.
- IT IS THE CONTRACTOR'S RESPONSIBILITY TO OBTAIN ALL PLUGGING PERMITS FROM THE CITY AND PLUG ALL SANITARY LATERALS THAT SERVE THE PROPERTY.
- CONTRACTOR SHALL INSTALL TREE PROTECTION FENCING IN THE AREA BETWEEN THE CURB AND SIDEWALK AND EXTEND IT AT LEAST 5 FEET FROM BOTH SIDES OF THE TREE ALONG THE LENGTH OF THE TERRACE.
- NO EXCAVATION IS PERMITTED WITHIN 5 FEET OF THE OUTSIDE EDGE OF A TREE TRUNK. IF EXCAVATION WITH 5 FEET OF ANY TREE IS NECESSARY, CONTRACTOR SHALL CONTACT CITY FORESTRY (266-4816) PRIOR TO EXCAVATION TO ASSESS THE IMPACT TO THE TREE AND ROOT SYSTEM.
- TREE PRUNING SHALL BE COORDINATED WITH CITY FORESTRY.
- TREE PROTECTION SPECIFICATIONS CAN BE FOUND IN SECTION 107.13 OF THE CITY OF MADISON STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.

GENERAL NOTES:

- THE LOCATION OF EXISTING UNDERGROUND UTILITIES AS SHOWN ON THE PLANS HAS BEEN DETERMINED FROM THE BEST AVAILABLE INFORMATION AND IS GIVEN FOR THE CONVENIENCE OF THE CONTRACTOR. THE OWNER AND THE ENGINEER DO NOT ASSUME RESPONSIBILITY IN THE EVENT THAT DURING CONSTRUCTION, UTILITIES OTHER THAN THOSE SHOWN MAY BE ENCOUNTERED, AND THAT THE ACTUAL LOCATION OF THOSE WHICH ARE SHOWN MAY BE DIFFERENT FROM THE LOCATIONS AS SHOWN ON THE PLANS.
- ANY PAVEMENT ABUTTING THE PROPERTY SHALL BE REPLACED IF IT IS DAMAGED DURING CONSTRUCTION.
- PRIOR TO THE USE OF THESE DRAWINGS FOR CONSTRUCTION PURPOSES, THE USER SHALL VERIFY ALL DIMENSIONS AND LOCATIONS OF BUILDINGS WITH THE ARCHITECTURAL SITE PLAN. IF CONFLICTS EXIST THE USER OF THESE DRAWINGS SHALL CONTACT THE ENGINEER IMMEDIATELY.
