

School-age child care

Question/Request: Perhaps a staff review of all City-accredited school-age programs and their summer or year-round programs would be helpful, since they weren't in the proposals – to help us understand the current proposals better.

All school-age programs are required by the City contract to meet specific standards and were reviewed during the 2009-2010 funding cycle.

Licensed and Madison Accredited After School/Summer Programs:

- Wisconsin Youth Company
- Animal Crackers (*provides after school & summer SA programming*)

Licensed Programs receiving Staff Review (ELSA and SACERS)

- Goodman is licensed and has applied for Madison accreditation (The SA program temporarily dropped its accreditation during the transition to the current location.)
- Wil-Mar

Unregulated After School/Summer Programs receiving Staff Review (ELSA and SACERS)

- Bayview
- Bridge Lake Point Waunona
- East Madison Community Center
- Kennedy Heights
- Lussier
- Neighborhood House
- Vera Court (Children & Life as a Boy)

Unregulated school-age programs not currently reviewed by City staff

- Meadowood

Head Start
