

## Item #6

## Edo Garden -21+ entertainment license

At the request of the applicant, I met with them on two prior occasions, 1<sup>st</sup> prior to their restaurant license and 2<sup>nd</sup> about 1 month ago. On both occasions the applicants talked of adding an entertainment license to this premise. I discouraged on the first meeting as I did not have comfort in a new restaurant also having an entertainment license in this block. At the second meeting, I suggested the applicants complete a detailed document with written description and diagrams to described the concept for adding entertainment to this restaurant.

In reviewing the application, I see neither a detailed written plan nor a detailed diagram that would describe the concept of adding an entertainment license to this restaurant. Additionally, I read their description of the business as a bar and managing long lines of potentially disruptive patrons. Finally, in the space to identify the managers of the establishment, they have left it intentionally blank, which does not provide any review of those persons who would be in charge of the expanded space with entertainment.

Given the lack of requested information and their description of a bar/nightclub type atmosphere, the District requests denial of this application.
