This is taking longer than feared but I'll talk to these folks. Apart from PACE, was there anything I was supposed to get you?

Joel,

After thinking about our call, I think that it would be best if you introduced yourself to Beau Engman, who heads PACE Equity, a project originator in your parts of the world. Beau is a member of the Board of Directors of PACENation and is based in Milwaukee, WI. I am sure he can guide you well. I copied him on this email.

Regards,

George Caraghiaur
