Hydrogeologist
Brynn Bemis

The City of Madison is proposing to reconstruct the pavement and storm sewer along the below referenced streets in 2013. You are being sent this letter to notify you of a public hearing before the Board of Public Works regarding the project, at the above referenced date, time & location. City Engineering will make a short presentation at the meeting, followed by the public hearing. The project will involve special assessments to owners of property adjacent to the project. Attached to this letter is a Schedule of Assessments, which shows estimated costs for each property adjacent to the project.

The proposed project limits are as follows:

- Trailway from Monterey Dr. to N. Sherman Avenue
- Monterey Dr. from Wyldeewood Drive to Trailway
- Brentwood Pkwy from Arrowood Drive to Trailway
- Wyldeewood Drive from Sheridan Dr. to Brentwood Pkwy
- Wyldeewood Circle

The project will include replacement and installation of storm sewer, the spot replacement of the concrete curb and gutter, drive aprons, and sidewalks due to the poor existing condition or for the installation of storm sewer. The street will then be resurfaced with new asphalt pavement. The project is currently scheduled to begin in July 2013.

Street Improvements

The proposed street improvements include removing and replacing asphalt pavement and partial replacement of drive aprons and curb and gutter. The City and the property owners adjoining the reconstruction will share the cost of the street improvements. The City shares the cost on a 50-50 basis with the property owners for removing and replacing the curb and gutter, drive aprons and sidewalk. The City assumes the entire cost for the new pavement and storm sewer improvements, except for private connections to the storm sewer, which are assessed at 50%. The City also assumes the cost for curb and gutter and sidewalk ramps located at each street intersection. The attached Schedule of Assessments shows a breakdown of costs for each street reconstruction item and the total estimated cost to be assessed to each adjacent property owner. Please contact Lisa Coleman, the Project Engineer, at 266-4093, with any questions regarding the street reconstruction.

The proposed project also includes traffic calming features on Brentwood Parkway, between Trailway and Wyldeewood Dr. Four speed humps are proposed for installation on this block. The results of the recent survey indicated neighborhood support for traffic calming at this location. If you have questions regarding traffic calming, please contact Bob Arseneau of Traffic Engineering, at 267-8849.

Storm Sewer

The storm sewer main, leads, and inlets will be installed as part of the project, and the City assumes the entire cost for these items. The costs to connect existing private connections to inlets (often downspouts or sump pumps) are assessable. If you are aware of any existing private connections you have to the storm sewer system (either the curb or a structure) or would like a private connection to be provided as part of this project, please contact the storm sewer engineer, Elia Acosta; you may contact her at 266-4096. The attached Schedule of Assessments does include costs for private connections at some properties, which are shared on a 50-50 basis between the City and the property owner.

Impact on Trees and Landscaping

Tree pruning in advance of the project is required to reduce the risk of damage to the trees during construction. The City of Madison – Forestry Section will perform the necessary work. For certain species, especially oak and elm trees, the pruning must be completed by April 1st to reduce the chance of disease. If trees need to be removed, City Forestry or City Engineering will notify the adjacent property owner prior to removal.

City Forestry Section will evaluate the terrace area for new street trees or replacements when the project is complete. Street trees are typically planted in the spring of the year following the completion of the construction project. Tree species selection is determined by the Forestry Section. There is no additional cost to the adjacent property owner.

For any questions regarding street tree maintenance or planting, please contact City Forestry at 266-4816.

Please note that construction may have an impact on existing flower gardens and other plantings within the terrace. With the nature of this work, property owners should anticipate that terraces may be disturbed to allow for curb & gutter replacement, sidewalk replacement, or storm sewer private connections. Any plantings or special landscaping features that an owner wishes to save from damage should be removed by the property owner from the terrace area prior to the start of construction.

Special Assessments - General

A special assessment is a special charge for work that the City is planning to complete. The attached Schedule of Assessments shows an estimate of the property owners' share of the project costs based upon the City's assessment policy. After the project is bid, and work is complete, a final assessment will be calculated based on bid prices and work actually performed. The final assessment, which will be billed after the completion of the project, is payable in one lump sum or over a period of 8 years, with 3% interest charged on the unpaid balance.

Accommodation Requests

To request accommodations for special needs or disabilities or if you have any other questions regarding this project, please contact the Project Engineer, Lisa Coleman at lcoleman@cityofmadison.com or 266-4093. This includes requests relating to the Public Hearing and also requests relating to the actual operations of construction.

Sincerely,

Robert F. Phillips, P.E., City Engineer

**NOTICE OF PUBLIC HEARING
BEFORE THE BOARD OF PUBLIC WORKS
FOR
PLANS, SPECIFICATIONS, AND SPECIAL ASSESSMENTS
FOR
PUBLIC WORKS IMPROVEMENTS
MADISON, WISCONSIN**

PART I

The Common Council of the City of Madison, Wisconsin, having heretofore decided that it is expedient and necessary that the improvements as listed in Part II hereof be improved at the expense of the property thereby on which would be conferred some special benefit.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN:

That the City Engineer has prepared plans, specifications, a proposed schedule of assessments, and an estimate of the entire costs of the improvement for each of the districts listed in Part II hereof, and;

That the plans, specifications, a proposed schedule of assessments, and an estimate of the entire cost of the improvements listed hereto are available and open to inspection by all interested persons in the office of the City Engineer, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd., between the hours of 7:30 a.m. and 4:00 p.m., Monday through Friday, and will so continue to be for ten (10) working days from the first published date of this notice, and;

That on **WEDNESDAY, MARCH 20, 2013, AT 6:00 P.M.**, the Board of Public Works will hold a public hearing in **ROOM 108 (PARKS CONFERENCE ROOM) OF THE CITY COUNTY BUILDING** and will consider any objections that may be filed in writing or in person and hear all persons desiring to be heard, and;

That special assessments may be paid over an eight (8) year period, with the owner paying 1/8 of the principal each year plus three (3%) percent interest on the unpaid balance, as determined by the Board of Public Works.

That if the total assessment is paid in full before October 31st in the year that the billing is made, irrespective of project completion, then no interest shall be charged.

The City's TDD number is (866)-704-2315

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact the Engineering Division at phone (608) 266-4751. Please make contact at least 24 hours prior to the date of this public hearing so that we can make proper accommodations.
