WELCOME

WELCOME TO THE 2015/16 SEASON OF PROGRAMS FOR THE COMMUNITY AT OVERTURE CENTER FOR THE ARTS.

Whether you are an educator or student, a parent or child; whether you are in college or the work force, a young professional or young at heart, Overture Center has the perfect experience to engage, educate or simply entertain you.

We introduce our young audiences to music, dance, theater and more through our three performance series for young audiences, including Kids in the Rotunda, our free family-friendly Saturday series; Overture OnStage field trip program for schools; and the American Girl's Fund for Children Family Series. To enrich each series, Overture offers more than 20 teaching artists who work in classrooms and community settings to bring the arts to life for audiences of all ages.

As our audiences grow, so do our programs. We are proud to be the official Wisconsin representative to the National High School Theater Musical Awards with our Tommy Awards program, which includes training in the arts, a performance ensemble, our annual Awards Ceremony, and sponsoring outstanding performers to participate in the national competition in New York City. And for ages 6 and up, we partner with our local community for Overture's Rising Stars talent search, which culminates in a final performance at Overture Center and a grand prize of a full performance in the Overture Presents performance series.

Overall, Overture Center is hopping with activity year round, from four Overture Galleries to free MadCity Sessions concerts by local artists to Broadway at Overture and more—all meant to engage, educate and entertain you! And to ensure everyone gets to experience Overture, we provide opportunities for local arts groups to perform in our center through our Community Arts Access program and affordable ticket options to many of our productions through our Community Ticket Voucher Program. Take a look inside to see what's waiting for you at Overture Center!

COMMUNITY PROGRAMS

ANY GIVEN CHILD MADISON

As we prepare the young people in our community for college, career and community, it is essential that we invest in providing a well-rounded education that includes the arts for every child.

In July 2013, Madison was named the twelfth city in the John F. Kennedy Center for the Performing Arts' Ensuring the Arts for Any Given Child program to make that investment happen. Overture is proud to take a leading role, representing the arts community, in partnership with the City of Madison and Madison Metropolitan School District.

The primary goal of the Kennedy Center's Any Given Child program is to assist communities in developing a plan to ensure equity and access to arts education for all K-8 students in their schools. As a national leader in arts education, The Kennedy Center brings to this program more than three decades of work with thousands of students, teachers, principals, administrators, business leaders and art administrators across the country.

For more information, visit AnyGivenChildMadison.org.

EVERY ARTIST DESERVES A SPOTLIGHT: COMMUNITY ARTS ACCESS

Overture supports area nonprofit organizations that present community performances and events. By providing rental and equipment subsidies as well as guidance from professional staff, we aim to develop the quality of programming, increase audience engagement, and improve outreach and program offerings to arts audiences throughout the Madison area.

To receive Community Arts Access support, proposed events need to address aspects of our mission and strategic plan that we feel are under-addressed in the community or better served through our partnerships.

For more information and an application contact **Beth Racette** at eracette@overturecenter.org or visit overturecenter.org/communityartsaccess.

ACCESS FOR ALL: COMMUNITY TICKET VOUCHERS

Community Ticket Vouchers help ensure that all people, regardless of economic ability, have access to the performing arts. Through partnerships with more than 100 local social services organizations, our program reaches people of all ages throughout Dane County who are able to receive tickets for as little as \$2. Overture is looking for partnering organizations, including schools, Community Centers and all variety of social service groups.

For more information contact **Beth Racette** at eracette@overturecenter.org or visit overturecenter.org/ticketvouchers.

ARTS EDUCATION ROUNDTABLE

The arts education roundtable is a quarterly forum for any artist, arts or cultural organization interested in arts education in south central Wisconsin. All arts or cultural organizations with an education program are welcome to join a conversation for professional learning and networking.

For more information, please contact **Ray Gargano** at rgargano@overturecenter.org.
