Re: Lot 17 & 18 of Saukborough Plat  
PUD-SIP  
6506 Old Sauk Road  
Madison, WI

Dear Mr. Martin:

The following project description is submitted together with the plans and application for an Informational Presentation to the Urban Design Commission.

**Organizational structure:**

Owner:	Michael Hershberger Bill Holley Hawk Ridge Homes I, LLC 700 Rayovac Drive Madison, WI 53711 608-274-3100 608-274-3200 fax	Architect:	Knothe & Bruce Architects, LLC 7601 University Avenue, Ste 201 Middleton, WI 53562 608-836-3690 608-836-6934 fax <a href="mailto:rbruce@knothebruce.com">rbruce@knothebruce.com</a>
Engineer:	D'Onofrio Kottke & Associates, Inc. 7530 Westward Way Madison, WI 53717 (608) 833-7530 (608) 833-1089 fax	Landscape Design:	Ken Saiki Design 303 S Paterson St # 1 Madison, WI 53703 608-251-3600 608-251-233

**Project Description:**

The site is located on the northeast corner of Old Sauk Road and Sauk Ridge Trail and is within the Woodland Hills Neighborhood Association. It is currently occupied with the original farm house and a related barn and outbuildings. A number of existing mature trees are on the site with the concentration of the highest quality oak trees located along the Old Sauk Road right-of-way. The properties surrounding the site are a mixture of multi-family residential and individual homes.

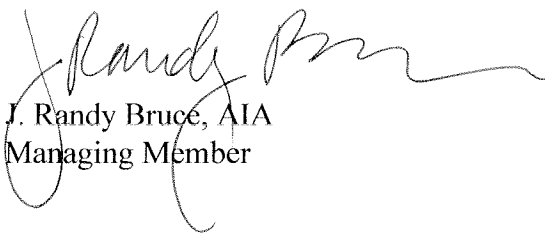

The site is part of an older PUD-SIP that was developed beginning in the early 1980's. The developer will be requesting that the existing PUD be amended to PUD-SIP.

The site has been redesigned to increase the open space around the central farmhouse while preserving the majority of the significant mature trees. The locations of the future homes have been predetermined and are indicated by designated building envelopes. The building envelope represents the outside limits of the available building footprint area. In no case shall any building element (except patios or other landscape elements) extend outside of the predetermined envelope. The actual building footprint and exterior appearance will respond to the homebuyer's program.

It is the intent that the buildings within this development will have a common architectural theme that will be compatible with the existing farmhouse. However, buildings will be individually designed and will vary to enhance the development's interest and aesthetic value. Architectural details, colors and materials will be chosen to be contextual with the existing farmhouse. The material choices for these homes will be used consistently throughout the development. Materials used will be masonry, horizontal siding and wood trim elements. The exterior materials will be used to differentiate the various elements of the buildings and to provide building facades with appropriate balance, proportion and detailing.

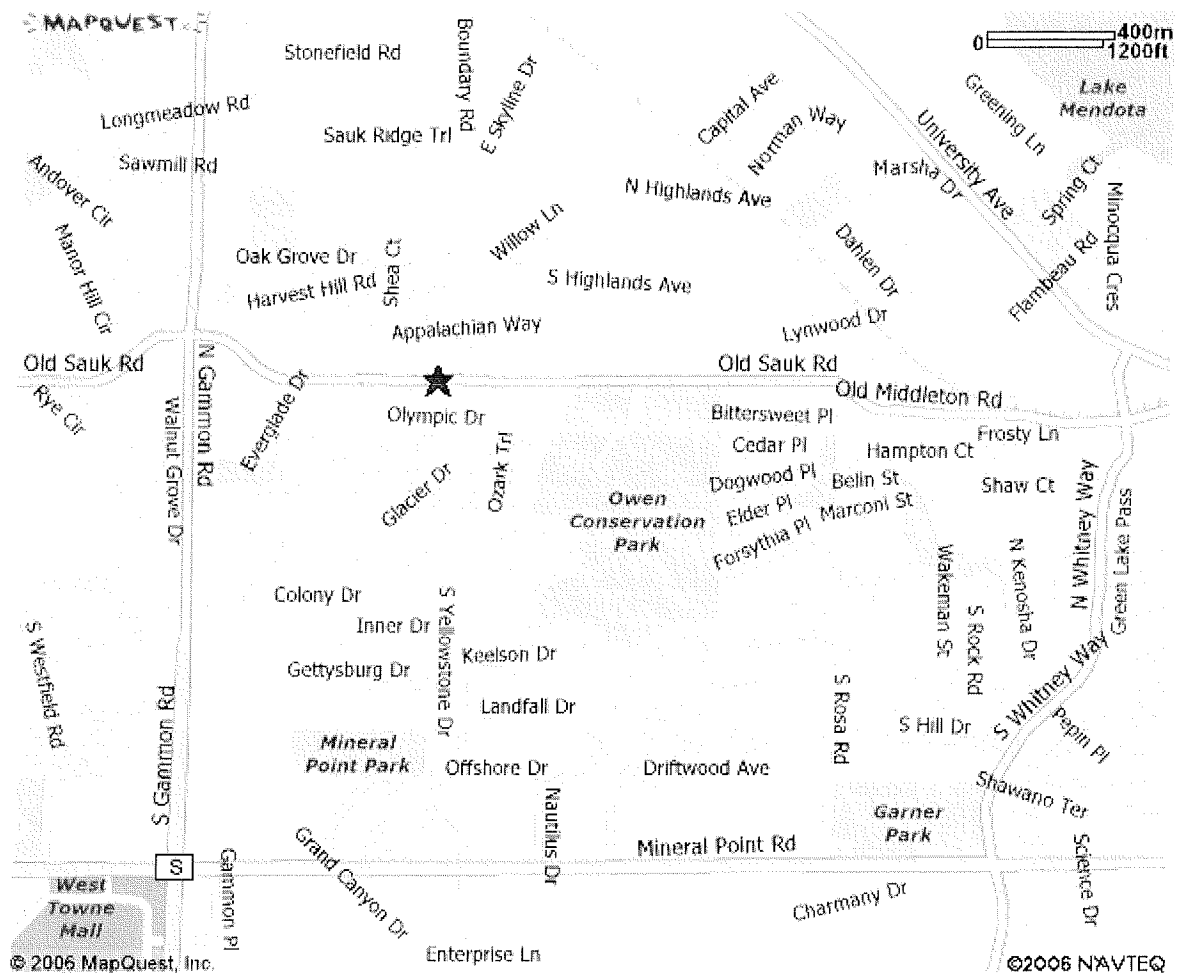

Thank you for your time in reviewing our proposal.

Very truly yours,

J. Randy Bruce, AIA  
Managing Member
