To: Mark Williams <howardandwilliams@gmail.com>

Good Afternoon All,

First time doing this, so here is goes.

My wife Heidi, and I have moved into my family homestead at 2922 Arbor Drive (My Grandfather, Dr David L. Williams built in 1940-41). The Williams family has lived in the neighborhood for over 100 years (starting with my Great Grandfather Thomas Williams). I have a deep respect and connection with our neighborhood. It is our intent to remove a failing 22.0' x 7.0' lean to addition and a 8.1' x 12.2' metal shed in the rear of the home and construct a new detached garage with a foot print of 26 feet x 30 feet (780 Sq/Ft.) and a storage loft above. There will be no living space associated with the structure. It is our intent to have the garage architecturally designed and compatible with our home and its history. Construction would begin as soon as permitting and contractors schedules would allow. If you have any questions, please let us know.

Thank you as always,

Mark and Heidi Williams

2922 Arbor Drive
