RE: Report from EINPC neighborhood meetings

EINPC organized two neighborhoods meetings regarding the proposals for Union Corners. The first event focused on summaries we prepared of the proposals while the second event included presentations by all five development teams. Both events were held at the Goodman Community Center with a combined total attendance of about 90 neighbors.

During both events, notes were taken about community member's responses and suggestions regarding the various proposals. Attached is a compilation of those comments and responses for your review. We wanted to make these notes available to you as you work towards making a final selection.

On behalf of EINPC and all Eastside residents, we'd like to thank the committee for your time and thoughtful consideration of the proposals. We know it can be an arduous, sometimes tedious process and appreciate your efforts on the community's behalf. Please don't hesitate to let us know if we can provide you with any additional information or other support during this important process.
