Plan Commission Members:

I support Monday July 8 Plan Commission Agenda Item 3. Union Corners Gorman agreement. My wife Julie and I look out at Union Corners every day. We've lived here since 1978. As (ex-)head of Schenk-Atwood Neighborhood Association, I was part of previous McGrath Union Corners planning mid-2000's before the real estate crash. I just want to let you know, in case you might be wondering, as far as Agenda Item 3. tonight goes, I think immediate neighbors are happy with the Gorman proposal--what they know of it--and the proposed financial arrangements with the City. Of course, as to the details of the financial arrangements, we trust Mr. Marx and other City staff have protected the City's interests; I'm sure they have. As to the Gorman proposal, based on the neighbors I've talked to, I think immediate neighbors are generally happy with it--and will be relieved to see Agenda Item 3. tonight go forward.

Sincerely,

Dan Melton
