RE: Approval of a conditional use at **89 East Towne Mall** to allow the construction of an electric vehicle charging station

Dear Ms. Kleckler:

At its September 30, 2013 meeting, the Plan Commission, meeting in regular session, approved your client's request for a conditional use to allow the construction of an electric vehicle charging station. In order to receive final approval of the conditional use and for permits to be issued, the following conditions must be met:

Please contact Janet Dailey, City Engineering Division, at 261-9688 if you have questions regarding the following two (2) items.

1. Confirm the location and show on the site plan(s) the property line between the Madison Joint Venture Property and the J.C. Penny Property to the north as required. This site is very close to this common parcel line.
2. The applicant shall submit, prior to plan sign-off, digital PDF files to the Engineering Division (Jeff Benedict or Tim Troester). The digital copies shall be to scale, and shall have a scale bar on the plan set. (POLICY and MGO 37.09(2)) PDF submittals shall contain the following information: a) building footprints, b) internal walkway areas, c) internal site parking areas, d) lot lines and right-of-way lines, e) street names, f) stormwater management facilities, and g) detail drawings associated with stormwater management facilities (including if applicable planting plans).

Please contact Eric Halvorson, Traffic Engineering Division, at 266-6572 if you have questions regarding the following two (2) items.

3. Pavement markings will be required to assist vehicles navigating the irregular movement created with the installation of charging station.
4. When the applicant submits plans for approval, the applicant shall show the following on one contiguous plan: existing items in the terrace (e.g., signs and street light poles), type of surfaces, percent of slope, existing and proposed property lines, addresses, all easements, all pavement markings, building placement, adjacent driveway approaches to lots on either side and across the street, signage, semitrailer movements and vehicle routes, dimensions of radii, aisles, driveways, parking stall dimensions including the two (2) feet overhang on a scaled drawing at 1" = 20'. Contact City Traffic Engineering if you have questions.

Please contact Bill Sullivan, Madison Fire Department, at 261-9658 if you have questions regarding the following item.

5. The International Fire Code 2012 edition is the applicable fire code for the City of Madison.

Please contact my office at 267-1150, if you have questions regarding the following two (2) items.

6. That the applicant revises the fence detail for staff approval. A wrought iron or other decorative metal fence is acceptable. Per the recommendation of the Urban Design Commission Secretary, a dark bronze color is recommended over the black finish and that the fence include a flat-rail design along the top, compared to the proposed projecting ornamental finials.
7. That plantings are provided between the back of the sidewalk and decorative fence, with details to be approved by the Planning Division.

Please contact Patrick Anderson, Assistant Zoning Administrator at 266-5978 if you have questions regarding compliance with the Zoning Code.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please revise your plans per the above conditions and submit eight (8) copies of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All operating private wells shall be identified and permitted by the Water Utility in accordance with Madison General Ordinance 13.21. All unused private wells shall be abandoned in accordance with Madison General Ordinance 13.21. The Water Utility will not need to sign off the final plans and not need a copy of the approved plans.
4. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
5. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.

- 6. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
- 7. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use, demolition or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 267-1150.

Sincerely,

Kevin Firchow, AICP
Planner
