
Regarding: Bascom Hill Historic District (Additional Documentation)
Contact: Daina Penkiunas, National Register Coordinator
(Legistar #27125)

Date: July 30, 2012
Prepared By: Amy Scanlon, Preservation Planner

General Information:

The Landmarks Commission has received additional documentation has been prepared to accompany the previous nomination for Bascom Hill National Register Historic District.

Relevant sections of the Landmarks Ordinance:

The Landmarks Ordinance does not address this request. Instead, the City has an agreement with the State Historic Preservation Office (“Procedure for the Certification of Local Governments in Wisconsin”) that stipulates that the Landmarks Commission will review and provide comments on the additional documentation. A report of the Commission will be forwarded to the Mayor and then to the State Historic Preservation Office.

Staff Comments and Recommendations:

Staff finds that the additional documentation provides a more academic and accurate nomination and appreciates the research involved in its preparation.

Staff suggests that the Landmarks Commission review the documentation and provide comments. No action is required.
