

Lake View Hill County Park - Woodland & Meadow Restoration Project
 Herbicide Applications - 2010 through 2011
 Contractor - JFNew Inc.

Date Applied	Location	Quantity Used of Total Solution	Herbicide Used	Type of Application
3/17/10	Y6 & Y10	11 gal	14% Pathfinder (Triclopyr)	Basal Bark
4/26/10	Meadow 4 & 5	18 gal	5% Garlon 3A (Triclopyr)	Foliar
4/27/10	Meadow 4 & 5	14 gal	5% Garlon 3A (Triclopyr)	Foliar
6/2/10	Y5	6 gal	3% Garlon 3A (Triclopyr)	Foliar
7/26/10	All managed Meadows	4 gal	3% Garlon 3A (Triclopyr)	Foliar
1/7/11	Y1, Y9, Y10	3.5 gal	14% Pathfinder (Triclopyr)	Basal Bark
2/25/11	Y10	3.5 gal	14% Pathfinder (Triclopyr)	Basal Bark
3/2/11	Y6	2.5 gal	14% Pathfinder (Triclopyr)	Basal Bark
3/3/11	Y6	3 gal	14% Pathfinder (Triclopyr)	Basal Bark
3/17/11	Y3, Y5, Y6	7 gal	20% Tahoe 4E & Axe It (Triclopyr)	Basal Bark
3/18/11	Y2, Y3, Y5, Y6	7.5 gal	20% Tahoe 4E & Axe It (Triclopyr)	Basal Bark
6/17/11	Esch Addition / Meadows	21 gal	3% Tahoe 3A	Foliar

**Lake View Hill County Park
Work Completed Update
March 16, 2010**

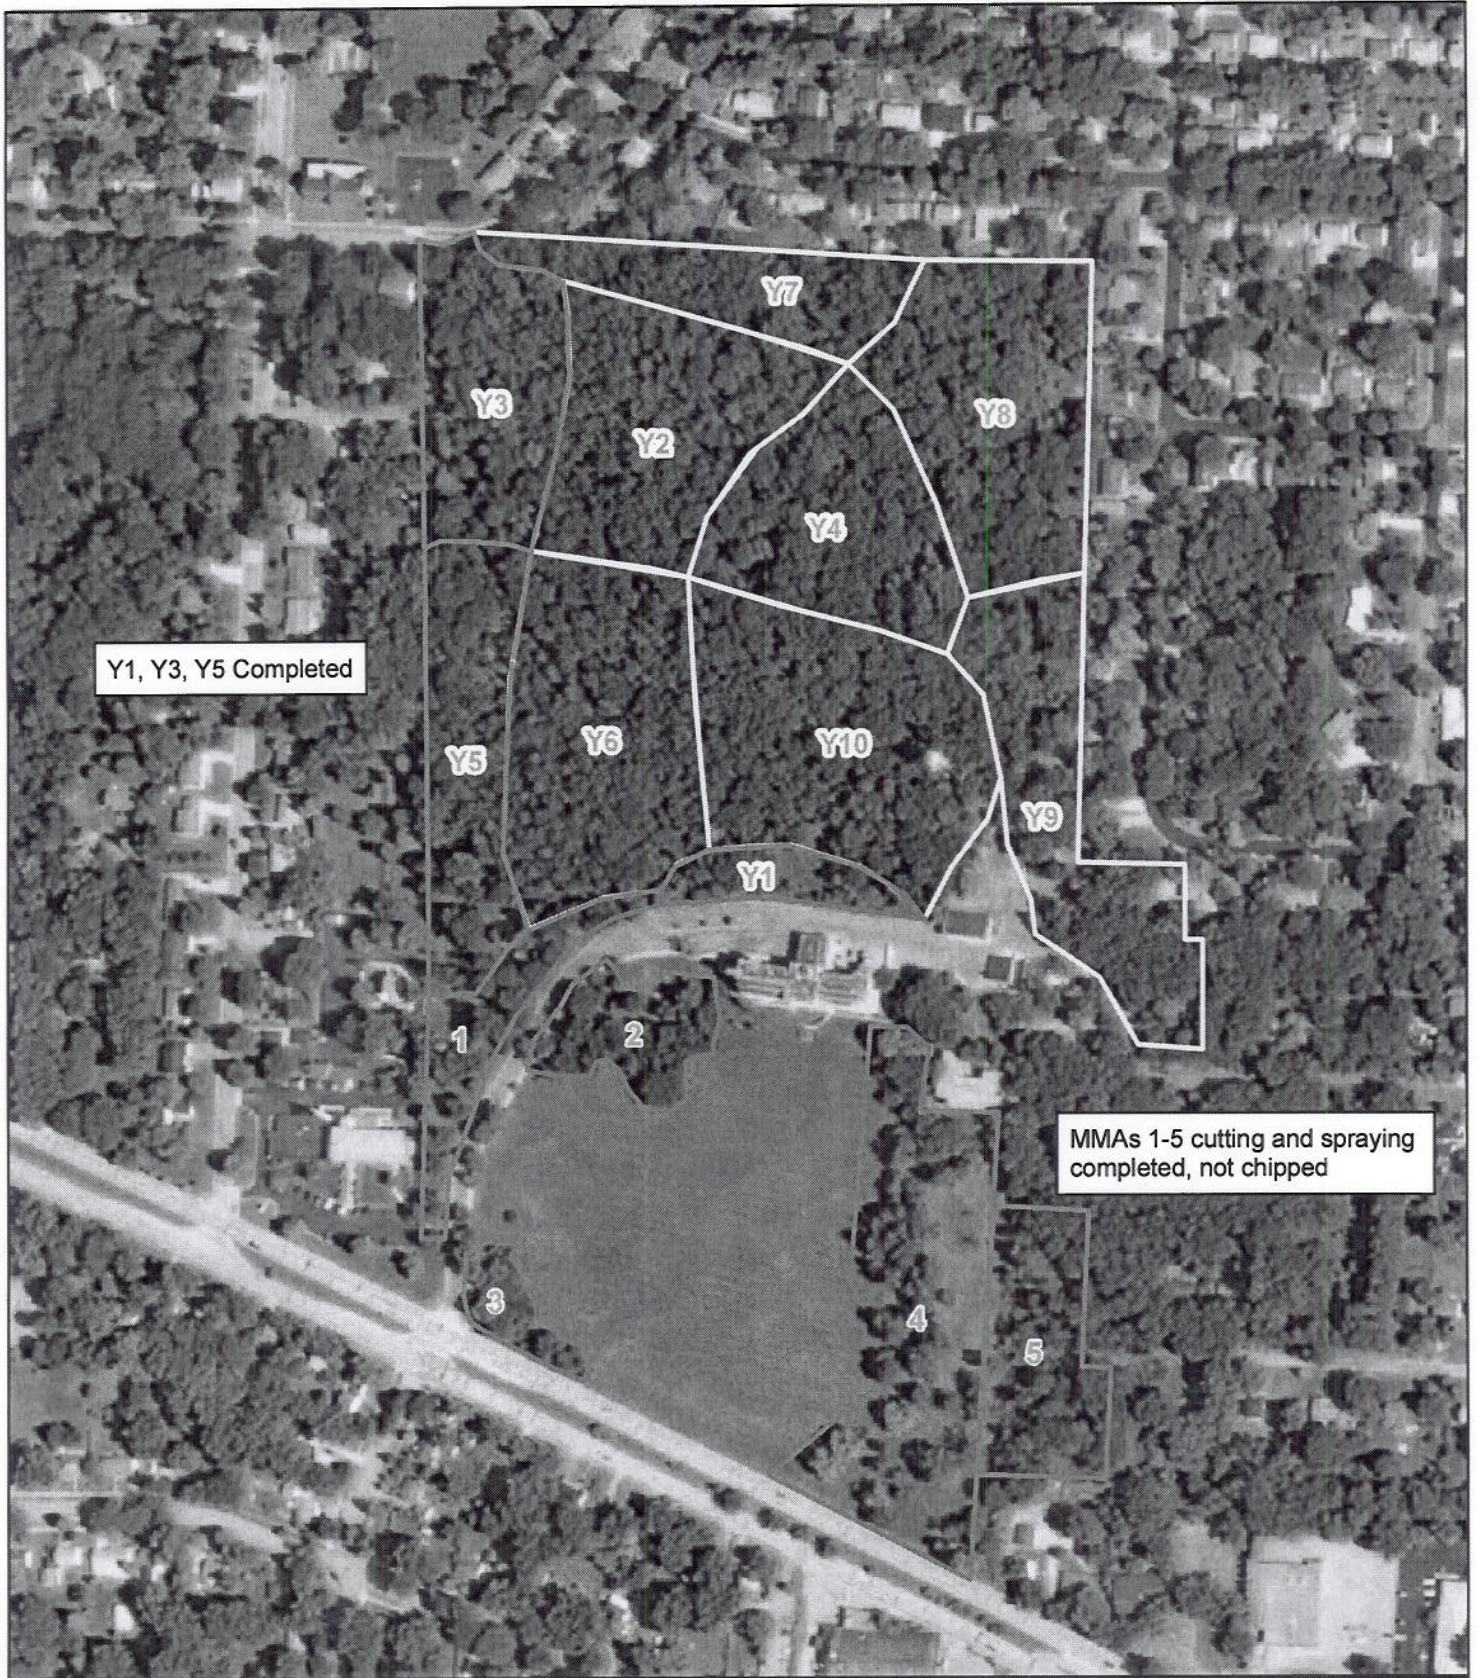

As per Dane County's request, below are the type, amount, location, and date of herbicide applications at Lake View Hill County Park for the woodland and managed meadow restoration project.

Work Completed at Lake View Hill			
Date Applied	Location	Amount Used (gallons of solution)	Herbicide Type Trade Name (active ingredient)
11/20/2009	MMA3	0.5	Pathfinder (triclopyr)
11/20/2009	MMA3	1	AquaNeat (glyphosate)
12/2/2009	MMA 2 & 3	1.5	Pathfinder (triclopyr)
12/2/2009	MMA 2 & 4	1	AquaNeat (glyphosate)
12/3/2009	MMA 1 & 2	2	Pathfinder (triclopyr)
12/3/2009	MMA 1 & 2	2	AquaNeat (glyphosate)
2/3/2010	MMA 4	1.5	Pathfinder (triclopyr)
2/3/2010	MMA 4	0.5	AquaNeat (glyphosate)
2/4/2010	MMA 4 & 5, Y1	4	Pathfinder (triclopyr)
2/5/2010	Y3 & Y5	12	Pathfinder (triclopyr)

** Pathfinder is a premixed herbicide and contains 14% active ingredient (triclopyr). We used an AquaNeat solution of 20% active ingredient (glyphosate) and water.*

In total, we have used 21.5 gallons of Pathfinder solution and 4.5 gallons of AquaNeat solution. The woodland restoration is about 30% completed. We anticipate using approximately 36 more gallons of Pathfinder solution to complete the remaining woodland restoration areas. The managed meadow areas (MMAs 1-5) are completed.

Please contact us with any additional questions.

Y1, Y3, Y5 Completed

MMAs 1-5 cutting and spraying completed, not chipped
