## Park Event Application SITE MAP

Please attach a site map. Also attach a route plan (if applicable).

<ul> <li>Site map should include, but is not limited to, the following</li> </ul>
---

- » Accessible paths for wheelchairs
- » Disabled parking
- » Dumpsters
- » Exit location for fenced outdoor events
- » Event Perimeter

- » Placement of vehicles
- » Portable toilets
- » Signage

 If the event includes a run/walk component on City streets, the approval of the Parks Division for the use of the park does not imply approval of the proposed route. Routes need to be approved with a <u>Parade</u> Permit.

What impact do you anticipate your event will have on the residents/businesses in the areas surrounding the park? Consider things such as noise, parking, traffic, etc. What plans do you have to minimize these impacts?

There will be amplified sound from noon until 6pm. Although we are targeting the local/walkable community, we still anticipate an increase in traffic and parking in the area around the park. We plan to hire traffic enforcement help.

Provide Detailed Event Site Map (feel free to provide this map as a separate attachment):
