INTRODUCTION

LETTER FROM CHAIR

Welcome,

It is an honor and pleasure to welcome you to the Commission. Annually, we have a charge that to me is of great importance and significance. The process of acquiring and reviewing applications and thereafter selecting annual awardees is daunting. In our search for the person or persons that meet our criteria as stated in this manual we must keep in mind Dr. King's simple yet complex statement on leadership. As follows: "A genuine leader is not a searcher for consensus but a molder of consensus."

With this in mind, please take a moment to read this manual as a way of preparing for your assignment as a Commissioner.

Let us make our selections that are representative of the values of Dr. King and those of our ever changing and growing community. Please keep in mind the importance of candidates' human values, personal strengths, ideals, love, justice, dreams, community service and the ability to stand against injustice while honoring creative altruism for those we choose as awardees.

Thank you and my best wishes as we venture forward,

David Wandel, Chair
