

The Common Council Office is a Fragrance Free Workplace

The Common Council has a fragrance-free policy and requests that all offices and spaces used by visitors and staff remain free of scented products. Some persons employed with or visiting the Common Council report sensitivity to various chemically-based or naturally scented products. We ask for everyone's cooperation in our efforts to minimize chemical barriers for staff and visitors.

For more information, please contact the Chief of Staff at 266-4071 or the Occupational Accommodation Specialist at 266-4615.
