Hi

I am wondering when the agenda for the September 13th meeting will come out? I would like to have a topic added for discussion please. I am requesting a traffic calming speed bump be added on North Owen Drive on the curve in front of Lucia crest park. This is a major commuter corridor for not only work traffic, but Hilldale traffic and Major park traffic. There is soccer practice 3-4 days a week, soccer games most Saturdays and Sunday's and lots of neighborhood and outside family's that frequent the park. I have concerns with this being a connector road between Blackhawk/university and Hilldale, traffic is constantly speeding through this location and I have witnessed first hand numerous close calls with kids crossing. I have tried to work with the Madison Ped/bike program to get one added but they won't add one, so I am hoping I can talk to the commission about having 1 or 2 added. I know there is a job on Owen just up the road that was delayed until next year that this could be tied into as well. Please let me know if this can be added, I am planning to attend the meeting to advocate for this location as this is years in the making of addressing this location. I have also spoken with multiple neighbors that feel the same way.

Thanks for your time
