

Regarding Change of License Premise for the Echo 554 W. Main Street.

The request for expansion of premise to include the parking lot during UW Badger Home games could be addressed by the ALRC, however the implementation of such a change cannot occur without a conditional use permit. The past practice on requests such as request has been no action by the ALRC and the referral of the matter to the **City Department of Planning and Community and Economic Development**. The beer gardens currently approved for similar usage are approved and regulated in this matter.

Central District does not support the application before the ALRC and would request that the application be referred to the **City Department of Planning and Community and Economic Development** to maintain consistency and continuity in these types of usage.
