I am a member of the Marquette Neighborhood Association, and I live at 1310 Spaight St, Madison, WI 53703. I am writing in support of my neighbors who have lived in the shadow of the disruptive sound of Plan B, Vision, and now face the specter of Canopy on Williamson St.

I feel very bad for Austin Carl, who, I think, signed his lease with Chuck Chvala, without having any sense of the inappropriateness of that type of business on our neighborhood. The building was never intended to house loud music and it has been 10 years of conflict for the neighborhood and renters of Mr. Chvala's property.

The people who live near that building, which previously housed The Camera Company, have had to live with the loud bass sound reverberating until bar time, and have struggled with disrupted sleep.

If you've ever sat next to a car at a stoplight that is reverberating with the loud bass sound of music, and can hardly wait for the light to change, imagine what it's like to have to wait for 4 HOURS for the sound to stop!

Please, deny the license to Mr. Carl for Canopy.

Thank you.
