Subject: Edgewater neighbor
Date: Monday, August 14, 2017 10:46:11 AM

Good morning Members of the ALRC and City Council - I am writing to express my support of the live music and programming at The Edgewater. I am an owner of a Pinckney Place condo, and I live next to the Edgewater, with just the NGL parking lot between our buildings. I do hear the music playing at the Edgewater and I enjoy it. This is a sentiment shared by my neighbors and fellow condo owners.

I commend the Edgewater for their programming. It's free and family friendly and it brings a liveliness to the neighborhood. I view it as a strong positive to the neighborhood. In my experience, the Edgewater has been responsive to the concerns raised by neighbors, most notably in self policing and by respecting a music deadline of 9 pm. I hear the music continuing from the Memorial Union much later. My hope is that you will allow the Edgewater to continue their programming. Thank you, Linda Hughes
