Hello,

I have a few questions regarding transportation in the City of Madison that I would love to know more about.

Does the city have any requirements for bike parking at businesses? I biked to dinner the other night and could not find any bike parking in the vicinity. Additionally, I had the same problem when I biked to an appointment this week. In both of those situations, I was left to lock my bike up to a street sign. As Madison becomes more bikeable (yay!), the city will also need to become more bike parkable.

Please let me know if there is anything currently written about this as I would love to know more.

Thanks so much!
