Hi Jim,

I am writing to provide an update as well as submit a request for a second extension of issuance for our liquor license.

We have hit several road blocks and set backs, mainly with the building and the space we will be occupying, as well as some supply chain issues.

After meetings with the general contractor, the architects, HVAC contractors, building engineers and the building owner, it has been determined that we will now not be able to get our doors open for business until the end of January.

We are hopeful the the ALRC will grant us another extension. Would you please advise us on the steps we will need to take to formally request this of the committee?

Thank you in advance for your help.

Ben
