City of Madison Rehabilitation Loans

Provided by Linette Rhodes, Office of Community Development Block Grant

Below is list of rehab loans provided in Census tract 21 dating back to 2004. From my take on the information the households are not utilizing the current programs fully right now. The three rehab programs listed on the chart are Deferred Payment Loan (this is available to Low to Moderate Income households and payment is deferred for 10 years), Installment Loans (available for residents with a much higher income limit, makes monthly payments) and HBA also known as Home Buyers Assistance (this is a program available to purchase properties and provides rehab funds as well).

All of our programs can be found at www.cityofmadison.com/homeloans

I just made a request for the data going back 10 years of all our non-profits who have purchased in this area and down payment assistance that we have provided as well. Our office is pretty scarce this next week so I probably will not have that information available before your next meeting.

Any more questions let me know!
