John-here is our email in favor of revising the plans to build next to the arbor house. Good luck in your efforts.

Subject: Arbor house project

Please add our names to the list of persons supporting a revision in the plans for a development adjacent to the Arbor House properties on Monroe Street. The proposed project, like others along Monroe street constructed in the past two years is scaled well beyond the surrounding residential area. In addition, this project plan ignores the parking and traffic conflicts that it will create and the neighborhood concerns that used to count for something before city approvals.
Thank you for your consideration.
