

Arboretum Neighborhood Association 2025 Mural Project

Summary:

The Arboretum Neighborhood Association received a \$2,500 Neighborhood grant from the Planning Division for a community mural at the Lake Forest Water Co-Op. They hired artist Hannah Jilk to design a mural that beautifies the neighborhood in service of fostering connections among neighborhood residents, drawing attention to the unique natural landscape, and ultimately enhancing sense of place in the newest corner of Madison.

The Lake Forest Water Cooperative Association, Inc. provides water for the Lake Forest Neighborhood (the area between Carver and Martin Streets). The Coop was founded in 1943 by neighborhood residents, and all property owners in the neighborhood who have paid for water are members. The Coop has supplied good water at a low cost for 80 years.

Location: Lake Forest Water Co-Op, 2114 Martin St.
