Eric,

In regards to this application for license Central District has following:

1. Mike VanErem (BI) indicated to me via email that : “The capacity that we calculated based on square footage and seating was 40 people.”

MPD recommends capacity set at 40 and not requested 49.

2. License meet definition of restaurant at all times.

3. The café, if approved, meet same closing requirements and noise restrictions as other licensed street café’s. The capacity of the café does not increase the interior capacity of the establishment.
