Subject: Re: question about Spring Street

We have decided not to use the \$20,000 CDBG funding for Spring Street. Thanks for holding these for us, but use of these funds as a deferred loan for such a small sum does not make sense in the larger scheme of things.

Have you made a decision on whether Porchlight wants to proceed with the rehab using ESG funds?

If you have decided not to proceed, will you please indicate as much in writing, either e-mail or letter, so that the funds can be released.

Thanks, Sue
